Further Revelations Show Plan to Attack America Through Mexico

PLOT AGGRESSIVE MOVE AT BORDER

Representative Miller, Member of House Foreign Affairs Committee, Reads Unpublished Parts of Zimmermann Letter Seeking to Align the Southern Republic Against United States, During Debate on War Resolution. Says Munitions Have Been Delivered in Mexico and German Reservists Are Gathering There.

USED AS MEANS TO SQUELCH PACIFISM

(By United Press.)

Washington, April 5.—Reading what he declared to be unpublished parts of the Zimmermann letter seeking to align Mexico against the United States, Representative Miller, of Minnesota, in the house this afternoon declared the plot included the establishment of submarine bases at Mexican ports.

Miller is a member of the house foreign affairs committee. His revelation of additional details of the Zimmermann plot came during the debate on the war resolution.

In addition to the submarine base plan he showed that Germany planned an aggressive move along the Mexican border by urging all reservists in this country to go to Mexico.

The reservists were to unite with Mexico against the United States and attack the border.

Moreover, he declared German reservists were making plans in Mexico and within the last few days munitions had been delivered on the west coast of Mexico.

Villa, he declared, is surrounded by German officials who have taken control of this band.

Miller said Carranza, too, is dominated by the German government.

He declared that a flood of German money is being poured into Mexico now.

Miller solemnly pointed out that the Mexican menace with the German taint is grave and warned that "we must pass this resolution now or haul down the flag forever."

It was strongly hinted among house leaders that the Villa revelations to the Zimmermann plot note was used as an administration move to squelch the pacifist arguments which have shown growing tendencies in the house during the day and to show that congress is behind the president.

There was no doubt late this af-

ternoon about the ultimate result. It will vote around eight o'clock tonight for war. The president is expected to sign the resolution as soon as it reaches him.

The resolution declaring that a state of war exists between the United States and Germany was passed in the senate last night by a vote of 82 to 6.

The only negative votes were Gronna of North Dakota, LaFollette of Wisconsin, Norris of Nebraska, Lane of Oregon, Stone of Missouri and Vardaman of Mississippi.

The resolution drafted after consultation with the State department and already accepted by the house committee says the state of war thrust upon the United States by Germany is formally declared and directs the president to employ the entire military and naval forces and the resources of the government to carry on war and bring it to a successful termination.

Action in the senate came just after 11 o'clock at the close of a debate that had lasted continuously since 10 o'clock yesterday morning. The climax was reached late in the afternoon when Senator John Sharp Williams denounced a speech by Senator LaFollette as more worthy of Herr Von Bethmann-Hollweg than of an American senator.

The passage of the resolution was not marked by any outburst from the galleries and on the floor the senators themselves were unusually grave and quiet. Many of them answered to their names in voices that quivered with emotion.

The galleries were filled to over-

First Step to Prepare for Active War

Congress is Asked by Secretary McAdoo to appropriate \$3,400,000,000 For Army and Navy Expenses Secretary Daniels Asks Navy be Increased to 150,000.

BOND ISSUE TO RAISE SUM

(By United Press.)

Washington, April 5.—The government today took its first active step in preparing for war.

Secretary of the Treasury McAdoo asked congress to appropriate \$3,400,000,000 for army and navy expenses. Secretary Daniels asked that the navy personnel be increased from 87,000 to 150,000 and the marine corps from about 17,000 to 50,000.

Besides the sum mentioned Daniels asks through McAdoo an additional \$175,000,000 to be available in June 1918 to care for the additional personnel of the navy and marine corps.

The department of justice asked for an appropriation of \$300,000.

This vast sum will be raised through a bond issue. The rate of interest will be about three per cent. The federal reserve board will have charge of the war expense.

REGISTERING OF ALL SINGLE MEN DEBATED

Means of Raising Army of 2,000,000 as Quickly as Possible Considered by Defense Council.

EXTENDED DEBATE LIKELY

By ROBERT J. BENDER

Washington, April 5.—Means of registering all single men between the ages of 20 and 23, under the universal training bill, and those to be exempted were discussed today by the council of national defense.

Co-operation of the state and municipal governments towards accomplishing this work will be sought under general plans in aiding the placing of the government on a war footing. It is the intentions of the war department to raise an army of 2,000,000 men, the men to be raised in divisions of 500,000 as rapidly as officered and trained.

Now that congress has nearly completed its action on the war resolution there is beginning to be some uneasiness over the universal training idea. Democratic leaders predict an extended debate on the question, but they feel that under the present circumstances it will go through.

FOREIGNERS WILL FIGHT

Pittsburg, Pa., April 5.—Polish-Balkans today wound up their convention by dispatching to President Wilson a telegram offering to raise a Polish army of 100,000 to fight Germany. A great many of the men have had war experiences in Europe.

GRATITUDE FOR RELIEF EXPRESSED

John W. Rodgers, Chairman Newcastle Finance Committee, Thanks Rush County For Help

PROMPTNESS WAS AN ASSET

Sum of \$1452.30 Does Not Include Money Received From Other Sources in Rush County

Mayor Bebout has received a letter from John W. Rodgers, chairman of the finance committee of the Newcastle relief committee, in which the gratitude of the citizens of Newcastle for the aid rendered them by Rushville is expressed. A total of \$1,452.30 was sent to Newcastle through Mayor Bebout. Donations direct to the committee from here and other towns in Rush county brought the total up to \$2,500. The letter received by Mayor Bebout is as follows:

Clata L. Bebout, Mayor, Rushville, Ind.

My dear Mr. Bebout:—

In addition to the formal receipt which you will receive, I want to express on behalf of the citizens of New Castle, the deep feeling of gratitude which the citizens of New Castle have for the magnificent support given by the good residents of Rushville and vicinity in the form of \$1452.30 contributed to the relief fund.

The promptness with which you acted, the swiftness with which your citizens worked, enabled our relief work to start immediately and the gratitude of the citizens is greater because of the promptness shown.

For your information will say that our records show we have received the above amount from you, and this amount does not include any contributions that were received from your community through other sources.

Will you please see that this letter is in some way called to the attention of the good citizens of Rushville and vicinity that they may individually know how everyone in Newcastle appreciated what their good neighbors did.

Very truly yours,
New Castle Citizen's Committee
JOHN W. RODGERS,
Chairman Finance Committee.

COMPLETE PROGRAM IS LIKELY TOMORROW

Odd Fellows Band Offers Services For Patriotic Demonstration Free of Charge

JUDGE SPARKS WILL PRESIDE

Plans for the patriotic meeting to be held here next Monday night at the Graham Annex auditorium are steadily progressing and a rousing interest is in prospect. The speaker of the evening will be M. E. Foley of Indianapolis, known as the "Irish orator." The committee in charge hopes to be able to announce the complete program by tomorrow.

It was announced today that the Odd Fellows band had offered its services and had been accepted. A musical program is being worked out under the direction of Prof. Parke, and this promises to be one of the features.

Judge Will M. Sparks will preside at the meeting.

COMMISSION WILL SETTLE SQUABBLE

State Utilities Body Will Conduct Hearing on Petition of Mays Phone Plant Owners

LOWER SERVICE RATE ASKED

Free Service Resumed Pending Outcome of Controversy—Local Company Believes it is Right

Free telephone service between this city and the twenty-six subscribers of the Mays system taking Rushville service was resumed yesterday. This was done on the recommendation of the Public Service Commission.

A copy of the petition of the Spiceland Telephone Company, the company owning and operating the Mays plant, asking that the rates be revised, was received yesterday by the local telephone company. The objection is made to paying the Rushville company fifty cents a month for Rushville service. The commission advised the Rushville company to continue the service as in the past pending the final outcome of the case.

The hearing on the petition will likely be held in this city, at least the local telephone company is going to insist on this action. The petition asks for a part of the fifty cent charge for Rushville service. The Rushville company has gone on the theory that the fifty-cent charge was just since the subscriber living in Mays had the same privileges as a resident of Rushville in that he had the use of 2,065 telephones and paid only a small rate.

The petition contends that the Spiceland company owns all of the lines from Mays to the corporation line of Rushville, when as a matter of fact the Rushville company purchased these lines to a point four miles north of the city before the Spiceland company took over the Mays system and has a bill of sale for the property.

Local telephone officials feel certain that when the commission hears the facts in the case the old rate will be sustained or perhaps even a larger charge placed on those desir-

MEET OPPOSITION FROM THE OUTSIDE

Boosters of Stock Sale to Locate Factory Find Foreign Concern is Getting Money Here Pointed Out That Modern Appliance

AND IT IS ONLY "ON PAPER"

Co., is Established Business With Fine Prospects

While many boosters for Rushville are straining every nerve to sell ten thousand dollars worth of stock in the Modern Appliance company of Chicago in order to locate it here and are being refused by many who should help, some Rushville citizens are investing money in a stock company in a nearby city which has never turned a wheel and is all "on paper," but has a fine "prospectus" and a fluent salesman.

This is the condition which now confronts the men who are sacrificing their own interests for the welfare of the city in endeavoring to help it along industrially. They find men each day who should be just as much interested in Rushville as they, putting their money in a stock company which has no tangible assets whatever, which will never do Rushville any good, and which will likely pass the way of most all stock-selling schemes where it is put on the market with a large selling commission sliced out.

The men who are boosting the factory proposition were badly disappointed when they learned that the civic pride of some Rushville citizens does not go far enough to help bring a promising industry to Rushville but can be stretched to the point where the purse is opened to a stranger with a fine "line of talk" that convinces them though it may have little or no merit.

The men who are soliciting subscriptions to the stock issue of ten thousand dollars to the Modern Appliance company point out that the company is now on a paying basis; it has tangible assets and a business already established; has opened up its own market and now has more orders on the books than it can turn out; needs only more cap-

Husband of Local Teacher Throws Man Shurring the President Into the Street

Captain George W. Twomey, husband of Mrs. Twomey, teacher of stenography and typewriting in the high school here, was one of three officers of the Second Indiana regiment who reflected much credit on themselves at Louisville, Ky., yesterday when they resented a slur on President Wilson by throwing the unpatriotic man into the street. The man not only criticized the president, but offered insults to the men of the regiment. The dispatch, describing the incident, continues as follows:

Three captains of the regiment, George W. Twomey, Roderick Munford and W. H. Kelley, pounced on the indiscreet one at the Tyler Hotel, skidded him across the floor of the Rathskeller, through the lob-

by and then pitched him into the street.

The regiment men were seated at a table when the stranger of much avoirdupois sidled up and ventured the assertion: "If President Wilson had 1,000,000 men like you he wouldn't know what to do with them."

The fleshy one scarcely had finished speaking when a khaki-clad arm was at the back of his neck and two pairs of more than willing hands were wrapped about his knees. When the man fell sprawling to the sidewalk some one yelled: "He's going to draw a gun." It developed, however, he was unable to draw anything but his breath, and this with difficulty.

"Who's your guest?" Nic Bosler, proprietor of the hotel was asked. "It doesn't make any difference," answered Bosler, "this hotel is run on the 'American' plan nowadays."

Footwear Fancies

Every woman loves dainty footwear. In former years she had comparatively little opportunity to gratify her fancy in this respect.

Now every color and style of footwear is in use from the most exquisite evening slipper to the sturdiest boot.

Leathers in colors never seen before, fabrics of numberless shades and patterns, heels that range from a single "lift" through every conceivable curve to a three inch "Louis," tongues and buckles, ribbons and buttons—all are waiting to delight the eye of the discriminating woman.

You can learn from the advertisements in The Daily Republican what the retailers are prepared to sell you and the prices thereof.

Read these announcements carefully and save time in making your selections.

With the Fingers! Says Corns Lift Out Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heel footwear is putting corns on practically every woman's feet.

EASTER WILL NOT BE FASHION SHOW

San Francisco Churches Back Plan to Wear Old Clothes to Meeting Sunday.

FIRST STARTED IN CHICAGO

(By United Press.)

San Francisco, April 5.—Easter Sunday 1917 will be remarkable for the fact that it's observance in San Francisco churches did not consist of a fashion show for the main attraction and divine services as an excuse, if a movement started in Chicago and taken up in San Francisco is carried out.

A coterie of girl members of a Christian Endeavor Society in Chicago started the idea when they decided to keep their fancy Easter bonnets and their new spring clothes in the dark recesses of the family trunk on Easter Day and to devote themselves to the spiritual and not the decidedly material form of worship. In San Francisco the Rev. J. H. Barney of the California street church made the first step when he requested that the choir of his church, which is to render elaborate Easter music, come in simple raiment, just to set a good example for the congregation.

Kokomo—Girls attending the Kokomo high school have been urged by the faculty to refrain from "seamy dress." The girls were also asked to give up public dances.

HOGS UP TEN CENTS AND WHEAT ADVANCES

Grain Shows Spurt With Discouraging Reports of Crop Conditions Coming In.

WHEAT GAINS FIVE CENTS

Hog prices in Indianapolis advanced ten cents today with receipts a thousand less and grain was much stronger. In Chicago wheat prices spurted because of discouraging reports of crop conditions.

May wheat was up three and five-eighths; July, five cents; September, four and an eighth. May corn was up one and a quarter; July, one and a half; September, two and three-eighths. May oats was the same; July was up a cent, and September was off three-eighths.

Indianapolis wheat went up four cents; corn, four cents; oats, one cent.

Quotations on wheat, corn and oats each advanced three cents today.

FURTHER PROBE FORECAST

Grand Jury May Take up Election Investigation Again April 11

(By United Press.)

Indianapolis, Ind., April 5.—Further investigation of alleged frauds in Indiana in the election of 1916 were forecast today when the federal grand jury was called to resume its deliberation on April 11. The grand jury was summoned as a result of statements made yesterday when forty republican politicians of Evansville pleaded guilty. It is understood that more of the Evansville conspiracy will be taken up by the grand jury.

UNARMED STEAMER SUNK

52 Americans Aboard Missourian Sent Down in Mediterranean

(By United Press.)

Washington, April 5.—The unarmed American steamer Missourian with fifty-two Americans aboard has been torpedoed and sunk in the Mediterranean, according to a dispatch received by the state department today from a United States consul at Genoa. All of the crew were saved.

flowing and on the floor back of the senators' seats were almost half the membership of the house. In the diplomatic gallery were Secretary Lansing, Counselor Polk of the state department, Minister Calderon of Bolivia and Minister Ekengren of Sweden. Earlier in the evening Dr. Ritter, the Swiss minister in charge of German interests in this country, had been there.

CRITICIZES WILSON'S ADDRESS BITTERLY

German Press Insists There is no Cause for War Between Germany and America Even Now

CALLS PART OF IT DISHONEST

Berlin, April 5.—Bitter criticism of what was termed President Wilson's bad faith, charges that England commanded the indictment of the Kaiser's dynasty and insisted that there is no cause for war between Germany and America, featured Berlin newspaper comment today, on the American executive's speech, just received.

Particularly violent antagonism was expressed against the president's separation of the German government from the German people. "History will condemn this deed of a stubborn fanatic," said one semi-official paper. "President Wilson's assertion that the war is not against the German people but the German government will not lessen German anger, but besides it is untrue and dishonest."

"History records no war like this of a whole people fighting for their existence in a war created in hatred and grudging of the whole world."

RELIEFSHIP SUNK BY U-BOAT

Committee Says Trevier Had Assurances of Safe Passage

(By United Press.)

London, April 5.—The Belgian relief ship Trevier has been torpedoed and sunk by a submarine, according to dispatches today. Twenty-four members of the crew have been landed, eight of them wounded.

New York, April 5.—The Trevier sailed from New York for Rotterdam February 20 with assurances of safe passage through the submarine danger zone, it was stated today by the committee for the Belgian relief.

Do You Want to Sell Your Old Gas or Coal Cook Stove? We Will Give

\$5.00 For any gas or coal cook stove, NOW IN USE \$5.00

Special Offer

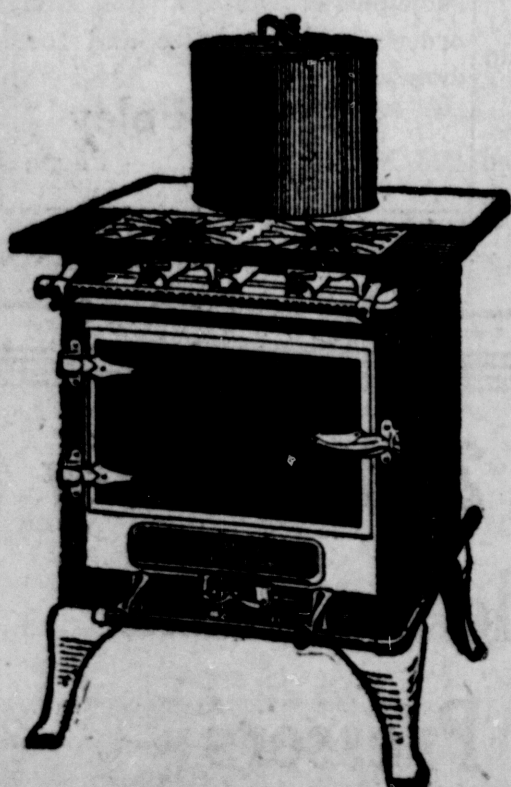

As a special inducement to those who feel that their present old range is still of some value and service to them we make the following offer: If your old gas or coal range is now connected and is in use we will take it off your hands and allow you \$5.00 for it toward the payment of the NEW CHAMBERS FIRELESS COOKING GAS RANGE.

Understand

The factory is giving this \$5.00, and not us, but just through our store.
THE OFFER ABSOLUTELY LASTS ONLY 10 DAYS, BEGINNING APRIL 2, 1917.
The Range that cooks on two-fifths of the gas it takes to operate any other gas stove. In fact, your Range could be paid for in the saving of GAS and TIME in about twelve months.

Don't Forget this

We install this Range on an absolute guarantee. How can we do it? Because we sold 64 of them last year and none of them came back. If you care to know who your neighbor is who uses one of these stoves, call us up.

Will your Gas stove bake WITHOUT the GAS BURNING? Ours will. Colleges teach agricultural saving on the farm. This teaches you saving of money, time and health at home. Just think of roasting and boiling all night without a fire. These are just little features which pertain to this range, but by having the opportunity to show you, we can explain to you at least 50 others.

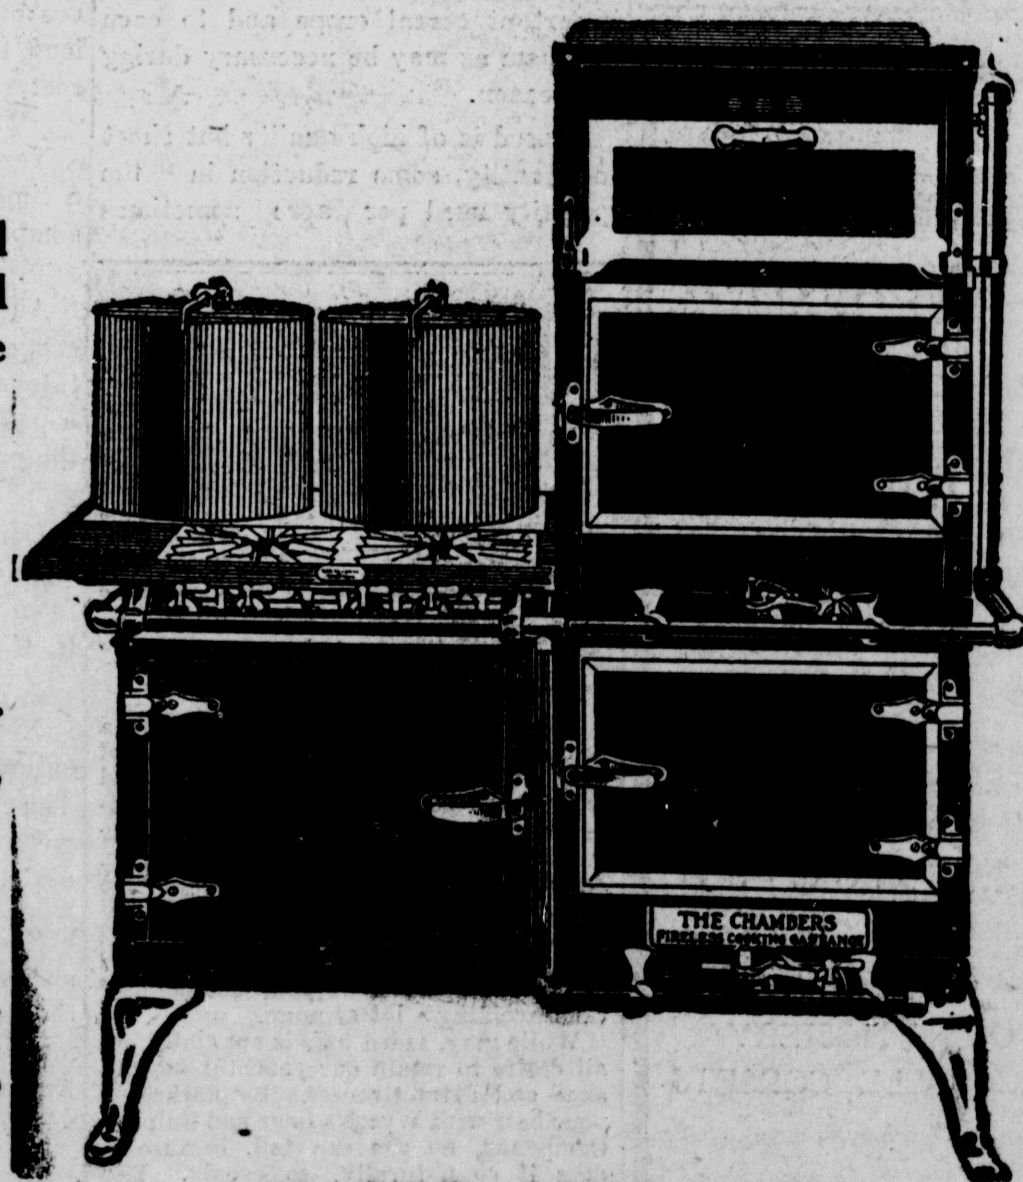

THIS STOVE CAN BE TAKEN APART IN EVERY DETAIL WITHOUT A WRENCH OR SCREW DRIVER. The factory representative is here this week who will call on you and explain this stove in full. For other information Call us

Only one ever made, Chamber Fireless Cooking Gas Range 8 yrs. old
Delivered Anywhere in County.

**Stop Food Corp Wastes.**

Much emphasis is being placed just now on the necessity of conserving every particle of energy because of war which is sure to come. Special stress has been laid on the fact that the people at home should bear just as much of the burden and can make themselves equally as

Have You Been Sick?

Then you must know that sickness leaves weakness and you should commence taking

important to a successful prosecution of war as the men at the front.

One of the first steps is the practice of economy by everyone. The housewife has been urged to do her share in stopping waste and the government authorities have put it up to the farmer to do his share. This is essentially a farming community and the farmers of Rush county should consider it their economic as well as patriotic duty to strive this year for the highest standard of efficiency in the production and conservation of food. Production accomplished by wasteful methods does not make for efficiency and careful thought, therefore, should be given to the steps that need to be taken.

Department of agriculture officials point out that at this, the approach of the growing season, it is pertinent to consider steps which would be taken during the starting or the growing of crops to prevent or eliminate staple cereals, which constitute a waste. In the case of the great large proportion of our food supply, conspicuous production wastes result from failure to give proper attention to the selection and safeguarding of seed for planting, the preparation of the land, and the care of the crop. For instance, only varieties known to be well adapted to the region where planted should be selected, so that in case of such a crop as corn the grain will not fail to mature properly in a normal season. The planting of seed that will not germinate often results in great loss of time, labor, and money which could have been avoided by testing the seed for germinability before planting.

In some sections the damage to crops by destructive diseases and insects is the most conspicuous crop waste. Economically sound and efficient production necessitates protection of crops against these pests. Disinfecting dips for seed and sprays and spraying for growing crops now have been developed to a point where they afford for certain crops a form of insurance that farmers can not afford to neglect. Under existing conditions, every precaution should be taken to reduce production wastes by testing seed sufficiently in advance to insure against the planting of dead seed; to treat with disinfecting dips all seed subject to diseases that can be prevented, such as the smuts of wheat, barley, oat, and rye, the losses from which are estimated conservatively at \$50,000,000 to \$60,000,000 in the United States in the average year; to prepare especially thoroughly for planting these vitally important cereal crops and to care for them as may be necessary during the season.

If seed is of high quality but short in quantity, some reduction in the quantity used per acre sometimes

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

WATCH YOUR STOMACH

IF FOOD SOURS, BOWELS CLOG, STOMACH HURTS, HEAD ACHES, BREATH BAD, HEART PALPITATES, TAKE PEPSINCO. YOU NEED IT. IT WILL HELP YOU.

Thousands upon thousands of persons are taking Pepsinco and are having perfect health. Many of them suffered with indigestion, sick headache, sour stomach, dyspepsia, palpitation and other stomach disorders. They are all well today. They took Pepsinco because it helped others; because it is highly recommended.

So many ordinary ills are closely allied to stomach faults that it is safe to apply the definition of indigestion to practically every internal complaint. If you have trouble with your food—if gas follows eating, if belching distresses you, if flatulency produces heart palpitation or heartburn—then Pepsinco is the preparation for you to take, for it offers the relief decidedly the quickest and best.

You try it out. Take a dose of Pepsinco. You'll find we are right. You'll feel better after the first dose. It's prompt action will bring you around to normal health quickly and safely.

Pepsinco will tone up the stomach nerves; it will brace you up and make you feel like a new person. It will permit you to eat and enjoy what you eat. No distress follows a meal if you take Pepsinco. Ask your druggist today for a small package of Pepsinco and your stomach worries will be over. It is inexpensive. It is a friend worth while. Don't delay. Get it now—today—and prevent a chronic condition that is bound to follow neglect of the stomach. We will send a sample if you will mail your name and address. The Neuro Pharmacal Company, Wapakoneta, Ohio.

(Advertisement.)

can be made with profit if the soil is especially well prepared and the seeding done carefully. Under favorable conditions as good a stand of oats can be obtained, the specialists of the Department have found, by drilling 2½ bushels per acre as by sowing 3 bushels broadcast, with resultant increase of yield per acre as well as increase of acreage planted. Where spring wheat is planted, and to some extent barley and the grain sorghams, varieties should be sown that do not shatter, especially in the drier districts. No grain should be allowed to become dead ripe before cutting, because of the tendency to shatter when in that condition. Most farmers probably will find it possible to locate and prevent important wastes if at the beginning of the season they will give the matter serious thought and undertake to correct such wasteful practices.

Yes, war is hell. But there comes a time when even hell has a halo in comparison with other things.

An exchange says that to clean a carpet we should peel a pound of potatoes, scrape them, stir the pulp in a pail of water, strain, etc. etc. Take the carpet!

Don't let the prospects of war with Germany distract your attention from the war already on—with the H. C. L.

Nobody can blame those German sailors for attempting to escape. The word had gone out that they were to be sent to a "bone dry" state.

Society women at Atlantic City insist on the hotel managers treating their pet dogs as guests. The managers should accede to the demand. Any dog is as good as the woman who considers a dog her equal.

Turkey may be considered the "sick man of Europe," but from his recent efforts at springtime you would never believe it.

INITIATES CLASS OF 21 CANDIDATES

Knights of Pythias Staff Also Gives First in Amplified Form at Milroy School Auditorium

LUNCH AND SPEECHES ALSO

Twenty-one candidates were given the first degree by the staff from the Rushville Knights of Pythias lodge at Milroy last night and afterwards the amplified first degree was presented to a large audience at the school house auditorium. Following the public meeting the lodge reassembled at the lodge room and a lunch was served.

An impromptu program of speeches was carried out, many Rushville K. of P.'s responding with short talks. Among those speaking were Fred Beale, grand chancellor of Ivy lodge of this city, S. L. Traub, Bert Conde, Walter Peters, W. O. Feudner, Charles Green, Omer Trussler, George Priest and Frank Priest. Dr. C. S. Houghland of Milroy also spoke and Frank McCorkle responded on behalf of the large class which received the degree. Clay Owen of Terre Haute, representing the endowment degree, made a few remarks.

The same degree team will go to Connersville Friday night on a special I. & C. car at seven o'clock. Many members of the lodge will accompany the staff. A rate of fifty-five cents for the round trip has been obtained.

GIVES PATRIOTIC PROGRAM

High School Sings National Anthem and Other Appropriate Songs

A patriotic program was given at the high school assembly period this morning. The orchestra played and the school sang "America" and "The Star Spangled Banner." Great patriotic enthusiasm was aroused. The Junior high sang in closing "The Stars and Stripes Forever." Tomorrow morning another of the student programs will be offered and at that time a special feature will be a guitar solo, "Annie Laurie" by Miss Helen Caldwell of Decatur, Ill.

CONGRESSMAN FINED \$800

(By United Press.)

Pittsburg, Pa., April 5.—Congressman-elect Orin G. Blakely was fined \$800 in the federal district court here today on a charge that his election expenses were excessive.

Corns Loosen Off With Magic "Gets-It"

2 Drops Do the Work, Painlessly.
"I tell you, before I heard of 'Gets-It' I used to try one thing after another for corns. I still had them. I used bandages and they made my

toe so big it was murder to put on my shoe. I used salves and other things that ate off more of the toe than they did the corn. I'd cut and dig with knives and scissors, but now no more fooling for me. Two drops of 'Gets-It' did all the work. It makes the corn shrivel and get so loose that you can just pick it right off with your fingers!"
There has been nothing new discovered for corns since "Gets-It" was born. It's the new way—the common-sense, simple, sure way—"Gets-It" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.
Sold in Rushville and recommended by Druggists & Mailbox and Frank E. Wolcott

DISCUSS STATE'S PLACE IN THE WAR

Farmers and Food Dealers Meet at Call of Governor Today to Plan Ways to Help

FOOD AN IMPORTANT FACTOR

Indianapolis, Ind., April 5.—Leading farmers and food dealers of Indiana met here today at the request of Gov. Goodrich to discuss the preparing of the state to produce more food supplies through a larger average of crops and more intensive farming. This action was taken as a result of war with Germany making it necessary that a greater supply of food be produced in the state than ever before.

The request of the governor for delegates to attend the conference follows:

"In the face of the greatest shortage in the food supply this country has ever known, we are preparing to enter the European conflict. Indiana will supply her quota of men. She must prepare to furnish more than her quota of food. An adequate food supply is the first essential to the support of the army in the field and the civil population at home. It is necessary to mobilize the agriculture of Indiana that we may plant a larger acreage, grow larger crops and prevent wastage. To this end I have called a conference of our agricultural interests."

H. E. Barnard, state food and drug commissioner, worked with the governor in making the meeting a success. Beside farmers, grain dealers, canners, dairymen, county agricultural agents, millers and stockmen attended the meeting.

Fresh pies, cakes, bread, dressed chickens, doughnuts, cottage cheese, will be found at the Ladies Musicale exchange, Saturday, April 7th. 2012

TROUBLE AHEAD FOR SOME HEAVIES

Bob Devere Said by Some Fight Fans to be a Comer—Recently Licked Flynn.

— — — — —
WAS FORMERLY HIS PUPIL

Battered the Pueblo Fireman all Over the Ring and Gave Him Awful Beating.

BY H. C. HAMILTON.
(U. S. Staff Correspondent.)

New York, April 5.—Several years ago a young electrician crawled through ropes of a ring in Kansas City, Mo., and went through the motions of a scrap with Sailor Grande.

Previous to this battle, the youthful electrician had been earning \$25 a week at Excelsior Springs, Mo., by acting as punching bag for Jim Flynn, the Pueblo Fireman. Flynn was spending his afternoons battering the electricians face, and the most enjoyable part of the day—for Flynn—was the fact that he closed both his youthful opponent's eyes every afternoon.

Bob Devere, the youthful electrician, hung around Kansas City for a long time, fighting now and then and picking up a little money. One night an old time fight fan saw him in action and, pointing his finger at the husky youth, declared that there stood a future heavyweight champion of the world.

"If he takes the right sort of care of himself and is given the right sort of management, he will be on top before many years have passed. Remember what I told you."

Maybe the old fight fan made it a little strong, but it is interesting to note the climb of the youth.

He came to New York and had a few alleged fights around the small clubs in the metropolis, and then one day they matched him with Jim Flynn. Flynn grinned when he heard of the match.

"That's the kid I used to spar with" at "Excelsior Springs," he said. "He's got a stout heart, but I'll beat him sure."

Devere was carefully conditioned for this bout. He went into it with instructions to use his left hand at every opportunity on the fireman. It was the first time he had ever attempted to do any damaging punching with that hand.

He used his left with a jab, and he hooked with it. Between times he rammed home his right with an uppercut that had Flynn's face split from his forehead to his chin. In all his battles it is probable the Pueblo iron man never took a more thorough beating—and Devere, the former pupil of the formidable Flynn, left the ring without a scratch.

ALLEGES HORSE IS NOT SOUND

Roscoe Ward Brings Suit, Asserting it Was Misrepresented to Him

Roscoe Ward has filed suit against Orla Churchill and Russell Bebout, seeking to recover the purchase price of a horse, demanding \$150. It is alleged that the defendants falsely and fraudulently represented a horse sold to the plaintiff to be sound, except a little puff on one knee. Ward alleges that they misrepresented the horse and asks that the bill of sale be rescinded.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy, for instant use.

WAGON UPSET BUT NO BOTTLES ARE BROKEN

Robert Powell's Horse Makes Mad Dash up Main Street, Ending When it Falls at Turn

— — — — —
DODGES OTHER VEHICLES

Not a bottle of milk was broken in a runaway this morning of the horse hitched to the milk wagon of Robert Powell. The runaway was as thrilling as any ever staged through the business district and that the wagon was not torn to pieces or someone hurt was considered remarkable. The horse started from in front of the Oneal Brothers store in South Main street and dashed northward through the business district.

The horse dodged all traffic and ended its mad flight by running up on the sidewalk in front of the Weeks Fresh Meat and Provision company's store, where it fell. The horse attempted to turn into Third street from Main, but could not make the turn and dashed up on the sidewalk. The wagon was lifted up over the curb and was not even scratched. The wagon was filled with milk bottles but not a one was broken.

UNUSUAL LAW SUIT IS ABOUT FINISHED

Case of W. O. Stewart Against Himself as Executor of Sarah Stewart Estate Near End

— — — — —
TO REACH JURY LATE TODAY

The claim of the estate of Riley Stewart against the estate of Sarah Stewart, in which William Oscar Stewart is the claimant by reason of being the administrator of one estate and the defendant because he is the executor of the other, was expected to reach the jury late this afternoon. The amount demanded is \$3,112 for services alleged to have been performed by Riley Stewart for his mother.

The defense introduced evidence today showing that Mrs. Stewart received very little attention from her son and an effort was made to show that Riley was the beneficiary by living with his mother.

Two damage suits against the Big Four railway, filed by Marshall Green were dismissed and the costs paid. Both suits were for \$300.

MEET WITH OPPOSITION FROM OUTSIDE RUSHVILLE

Continued from Page 1.
— — — — —

ital to develop its plant and increase its opportunities.

They recall that Rushville proceeded in a business-like way before a decision was reached to try to locate the Modern Appliance company. The president of the concern came here and told in a straightforward manner just exactly the condition of his business. Two Rushville men in whom great faith was placed went to Chicago and found that a thorough investigation verified to the minutest detail what the president of the concern had said.

Now the business men are asking Rushville to help along a business that has been investigated by its own citizens and which will be of benefit to Rushville as against taking the word of a stock salesman who is selling stock in a concern that exists only in somebody's mind, for the commission which he is promised. When the two issues are considered fairly and honestly, those who are back of the factory project feel that every sensible citizen who wants to see Rushville advance and thrive will support the business which has the stamp of approval of Rushville men and will do Rushville some good as against an outside institution which will never bring a penny to Rushville and which offers little if any assurance that it will ever do business.

SOCIETY NEWS

Church Societies, Parties, Weddings, Dances, Literary and Musical Organizations, Sewing Circles, Card Clubs and Many Other Things of Interest to Women.

Miss Katherine Hitt

There will be a regular meeting of the Eastern Stars, tomorrow night.

There was a business meeting of the Tri Kappa sorority last night with Mrs. Earl Moore. Ten members attended.

Mrs. Holmes Bible class will meet at her home at 216 West Third street tomorrow afternoon. The lesson will be Matthew, 7 chapter.

Mrs. George Wiltse entertained the members of the Woman's Foreign Missionary society of the St. Paul's M. E. church yesterday afternoon at her home in West Fourth street. Yellow and white were carried out in the decorations and these colors also predominated in the refreshments.

Many guests from here were present last night at the wedding of Miss Catherine Hibben, daughter of Mrs. Harold B. Hibben, and Ward H. Hackleman, son of Dr. and Mrs. F. G. Hackleman, which took place at the Hibben home in North Delaware street, Indianapolis. The Indianapolis Star describes the wedding as "most charming in its simplicity."

The only attendant was Richard Fairbanks, Jr., the little nephew of the bride, who carried the ring for the ceremony, which was pronounced by the Rev. M. L. Haines of the First Presbyterian church, Indianapolis.

A beautiful program of wedding music, including "The Swan," by Saint-Saens and "Bereuse," by Hasselmann, was played by Miss Bertha Schellschmidt, violinist; Mrs. Louise Schellschmidt Koehn, harpist, and Adolph Schellschmidt, cellist, as the guests were gathering. The bridal chorus from "Lohengrin" announced the entrance of the bride and bridegroom into the large reception hall, which was used for the ceremony room, changing to "Melody" by Charpentier for the wedding service.

The bride wore an exquisite costume of white satin adorned with pearls and embroidered tulle and fashioned with a long court train. The filmy bridal veil was becomingly arranged with orange blossoms and the bridal bouquet was of orchids, lilies of the valley and white violets.

All the house was decorated artistically with masses of palms and many flowers. An altar of ferns set with white lilies and roses and topped by a canopy of greenery and roses gleaming with pink shaded lights, formed the setting for the wedding ceremony. In other rooms were masses of palms and countless spring blossoms, predominated by pink snapdragons and other fragrant pink blossoms.

The sunroom was arranged in pergola effect for the bride's table, with white pillars entwined with greenery and studded with soft pink lights. On the table was the wedding cake wreathed with white orchids and lilies and the confections in pink candy baskets tied with bridal tulle, while above was suspended a beautiful wedding bell of white roses lined with tiny pink rosebuds.

Mr. Hackleman has taken his bride on a wedding journey, Mrs. Hackleman traveling in a coat suit of blue with hat to match and fox furs. The at-home announcement is for 1501 North New Jersey street after May 15.

Among the guests were the following from this city: Dr. and Mrs. Hackleman, Ralph Hackleman, Miss Libby Hackleman, Mr. and Mrs. Louis Mauzy, Miss Helen Scudder, Miss Frances Frazee, Scott Buell, Perry Oneal and Byron Cowing. Mr. and Mrs. George DeHority of Elwood were also present. Other guests aside from those living in Indianapolis were: Dr. Freeman Hibben of Boston, brother of the bride; Mrs. Rust of Cincinnati, O.; Mr. and Mrs. A. L. Drum of Chicago, Miss Marshall of Washington, Miss Alice Warren, Miss Foot, Mrs. Pritchard, Mrs. Hunter and Miss Freeman of Terre Haute.

Mrs. Links Bible Class will meet with Mrs. B. F. Miller, 501 North Morgan street Friday afternoon. The lesson is Samuel—1, Chapters 4—6.

There will be a party given for the primary and beginners class of the Main Street Christian Sunday school tomorrow afternoon at 3:30, in the parlors of the church.

The regular meeting of the Dunning Music Study Club was held with Mrs. Boys yesterday. Intense interest was shown throughout the entire program. Refreshments suggestive of Easter were served.

The Ladies of the April division of the C. W. B. M. of the Christian church entertained sixty-five of the members at the church yesterday afternoon. After the interesting program, refreshments were served.

The Band of Workers of the First Presbyterian church held their regular business meeting yesterday afternoon in the parlors of the church. Plans were made to give a penny supper next Tuesday evening, April 10.

The Wednesday afternoon Auction Bridge club was delightfully entertained by Mrs. Vern Norris yesterday. Twelve members were present and after the usual spirited rounds at cards, refreshments were served and favors of small flags were given.

Louise Miller entertained twelve of her girl friends at dinner last evening, yesterday being her seventh birthday. In the center of the table was placed a large birthday cake, lighted with seven small candles. Potted hyacinths and Easter flowers adorned the rooms, in which the children were entertained with games and guessing contests.

The Young Woman's Missionary Society of the U. P. church met with Mrs. Robert Conover yesterday afternoon with Mrs. Boyer as leader. Mrs. Hal Pike read a paper entitled, "The Missionary Life," and Mrs. James Hall read a paper "Native Christian Hero." Refreshments were served, in which the color scheme of yellow and white were used.

Miss Leah Flint, assisted by Miss Laura Holden, entertained twelve members of the Psi Iota Xi sorority last night at the home of Miss Flint in North Perkins street. After a short business meeting Miss Gladys Behout reviewed the book, "The Road to Understanding" and Miss Gladys Wallace reviewed "The Rose Garden Husband." Refreshments were served by the hostesses.

The members of the C. W. B. M. will have prayer meeting this evening at 7:00 o'clock, instead of 7:30 as before announced. There will also be a slight change in the meetings for tomorrow afternoon. They will be held with Mrs. John H. Frazee, 803 North Harrison street, Mrs. W. A. Woollen, leader; with Mrs. P. H. Chadwick, 906 North Willow street, Mrs. George Looney, Jr., leader; with Mrs. Will M. Frazee, 211 West Third street, Miss Emma Casady, leader; with Mrs. Omer Pierson, 221 East First street, Mrs. C. M. Yocum, leader.

Forty guests were entertained with a Thimble party, yesterday afternoon by Mrs. Sarah Guffin and Mrs. Will Dill. A patriotic program was arranged for the occasion, including the song "America," by the guests; a paper on "Our Flag," which treated of the uses and abuses of the American flag, this being written by Mrs. Frank Jones; "Star Spangled Banner," sung by Mrs. Will Amos. The room in which the guests gathered were decorated with flags and jonquils. At the conclusion of the afternoon, a tempting one course luncheon was served.

Social Calendar

Friday

Mrs. Holmes Bible class at her home, 216 West Third street.

Mrs. Links Bible class with Mrs. B. F. Miller, 501 North Morgan street.

Mahoning Council 36, D. of P. at Red Men's Hall at 7:30 degree work.

W. R. C. entertains G. A. R. in the afternoon at Graham Annex.

The Baptist Aid society of the Baptist church of Arlington, was pleasantly entertained by Mrs. Clyde Mull, yesterday, at her home near Arlington. Easter flowers and flags were used throughout the different rooms, and flags were also given the twenty-four guests as favors. A short musical program was given by Mrs. Burney Piper and dainty refreshments were served.

The Tuesday Study Club of Raleigh met Tuesday afternoon with the Misses Flossie and Zula Jackson. Aside from the ten members, the Misses Ruby Smiley and Elsie Caldwell and Mrs. Olive Manlove were present. The program included responses from Shakespeare; "Indiana's Constitutions," Mrs. Ida Dobbins; Review of a play of Shakespeare's, "All's Well That Ends Well," Miss Flossie Jackson; Current Events, Mrs. Ada Miles. After the interesting program, delicious refreshments were served, in which Easter colors were used.

Eight couples met at the home of Dr. and Mrs. D. T. Lampton Tuesday night for a social time and during the evening they organized a club, which they titled the F. A. R. C. E. Club. It will meet every two weeks and will be in the form of a Rook club. The members are Mr. and Mrs. Perry Innis, Mr. and Mrs. N. E. Tompkins, Mr. and Mrs. D. E. Jackson, Dr. and Mrs. John Francis, Dr. and Mrs. Lampton, Mr. and Mrs. Clyde Deputy, Mr. and Mrs. C. H. Stewart, Mr. and Mrs. C. H. Stewart, Mr. and Mrs. W. L. McKee and Mrs. Bessie Smith.

J. P. STECH ELECTED STATE CAMP DELEGATE

County Camp of Modern Woodmen Also Endorses Plan to Reduce Expenses of Head Camp.

OTHER BUSINESS TRANSACTED

J. P. Stech was elected delegate and E. E. Oakley alternate to the Modern Woodmen state camp at Hammond May 2, at the county camp meeting held here last night. J. D. Volz of Indianapolis was endorsed for head director and James McNamara of Rock Island, Ill., for head clerk. The county camp also expressed itself as favoring the head clerk's program of reducing the number of members on the head camp standing committee and eliminating some of the head officers. If the head clerk's suggestions are incorporated into the head camp by-laws, it is estimated that about \$350,000 would be saved annually by the society.

The next county camp meeting will be held at Rushville on the first Wednesday in April, 1920, at 7:30 p. m. Four candidates were adopted last night and the local lodge acted favorably on one application.

CARD OF THANKS

I wish to express through the Daily Republican my gratitude and great appreciation for the kindness and sympathy of my many Rushville friends, in the loss of my beloved mother.

JOSEPH S. CANNON

ANNUAL MEETING

The annual meeting of the Stockholders of the Rushville Natural Gas Company will be held in their office in Rushville, Ind., in Tuesday, April 24th 1917 at 2 o'clock p. m., for the election of Six (6) Directors to serve for one year from that date; and for such other business as may properly come before them at that time.

THEO. H. REED, Sec'y.

Spring House Cleaning

Every housewife has her attention called to cleaning her home at this season of the year. A general clean-up comes in the spring. Many women make it a drudgery and dread for the time to come. WHY NOT BUY SEVERAL HELPS for housecleaning which would make it a pleasure instead. One of the best articles we have found in many years for brightening and polishing the home is

Ruby Gloss

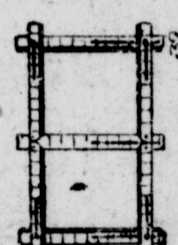

the world's best furniture polish. It brings back the beautiful lustre to all finished surfaces. It is not an oil and will not leave that gummy finish which you may find after using any other polish. A pure, clear prepared

polish that gives a hard, bright gloss that will not gather dust. Cleans, polishes all furniture, pianos, woodwork and any finished floor. The best automobile polish on the market. After applying, you may

drive upon the most dusty road in the country and the polish will not gather dust. Read their strong guarantee: "If Ruby Gloss is not a better polish than anything else of its kind, you may return the bottle and we will refund your money." This polish comes in 6 ounce bottles at 25c to 1 gallon size at \$2.50.

Besides the polish we have all the necessary helps for cleaning this spring—Hayden's Cedar Oil Mop is one of the best on the market, coming in a suitable size for polishing. Smaller mop and bottle of oil, 15c

Look over our complete line of Bissell's sweepers, Frantz Premier Electric Cleaners, Vacuum Sweepers, Wool

Wall Dusters with six foot handles, chemically prepared hand dusters, curtain stretchers in all sizes, baskets, ammonia, sapolio, bon ami, Mufty and Dutch Cleanser.

Our Aim is to Lighten Your Cleaning and Housework.

The Mauzy Company

HOFFMAN'S RECOVERY NOW SEEMS ASSURED

Man Who Was Severely Beaten When he Went to Omer Stevens' Farm Improves

MENINGITIS AT FIRST FEARED

After remaining in a critical condition all day yesterday, George Hoffman, the former Connorsville policeman, who was severely beaten Monday by Omer Stevens when he went to the Stevens home to see his six-years-old son, showed some improvement today and the attending physician stated that his recovery was now assured.

Hoffman, who is at the home of his father, southeast of Orange, is suffering from two broken ribs, a badly battered head and the nervous shock. For a time yesterday it was feared meningitis would develop but today fears of this were set at rest.

No charges have been filed in the case and because details are lacking of what transpired at the Stevens home public opinion is being withheld here until all the facts are known.

U. R. K. of P. MEETING

Ivy Company No. 35 will have their regular meeting tonight beginning at eight o'clock. Sir Knights are requested to be present.

The Osborne School in Jackson township closed its school term yesterday.

Notice of Election.

A meeting of the stockholders of the Rushville Co-operative telephone company, will be held in the assembly room of the court house in the city of Rushville, Indiana, at 7:30 p. m. Friday, April 13th, 1917, for the purpose of electing a board of directors and the transactions of such other business as may come before the meeting.

M. V. SPIVEY, Secretary. Dated Mar. 21, 1917 Rushville, Ind. 7:20.

MRS. JOHN FRAZIER DIES

Former Jersey City Woman Expires at Shelbyville Today

Mrs. John Frazier, formerly of Jersey City, about seventy years old, died this morning at the home of her daughter, Mrs. Will Dorsey, in Shelbyville of paralysis, according to word received by relatives here at noon today. Mrs. Frazier left here about fifteen years ago and has been living with her daughter at Shelbyville ever since. Besides Mrs. Dorsey, she is survived by another daughter, Mrs. Albert Wolfe of Indianapolis. The funeral will be held at the Dorsey home Saturday afternoon at one o'clock and the remains will be brought here, arriving about four o'clock for burial in East Hill cemetery.

Amusements

The Princess will show the next chapter of "Patria" the serial in which Mrs. Vernon Castle is featured, for the first picture of tonight's program. In addition to this a Pathe Weekly and a fashion reel will be shown. Tomorrow Blanche Sweet will be seen in the feature drama "The Ragamuffin."

The Lyric offers the three act drama "The Madonna of the Night" for the first picture tonight. It is said to tell an unusual story and is full of surprises. The other picture is a comedy entitled "Almost Right." Tomorrow the feature picture "The Conscience of John David" will be the attraction.

The Gem will show the last chapter of "A Lass of the Lumberlands" for the first picture tonight. "The Torch Bearer" which is the attraction tomorrow night gives the public one of the most vital dramatizations of present day political struggles, of the results of preparedness and of the fight of dishonesty in big business, which has ever found its way to the screen. The plot is laid in conservative Boston and affords an excellent vehicle for the famous screen favorite William Russell. He is supported by Charlotte Burton and an able cast.

ELI A. LAKIN BURIED HERE

Former Rushville Man Expires in Indianapolis of Pneumonia

The remains of Eli Allen Lakin, a former resident of Rushville, were brought here this afternoon from Indianapolis and the funeral services conducted at the chapel at East Hill cemetery. Mr. Lakin was 50 years old and was a son of the late Joseph P. Lakin. He was born and reared here but had lived in Indianapolis for several years. His death was caused by typhoid pneumonia. Mr. Lakin is survived by his widow, two children and two brothers, Joseph Lakin and R. P. Lakin of this city.

Local News

The choir of the St. Paul's M. E. church will practice tonight following the prayer meeting service.

The funeral services of John Fleener will be conducted Friday morning at ten o'clock at the late residence, four miles northwest of the city and burial will take place in East Hill cemetery.

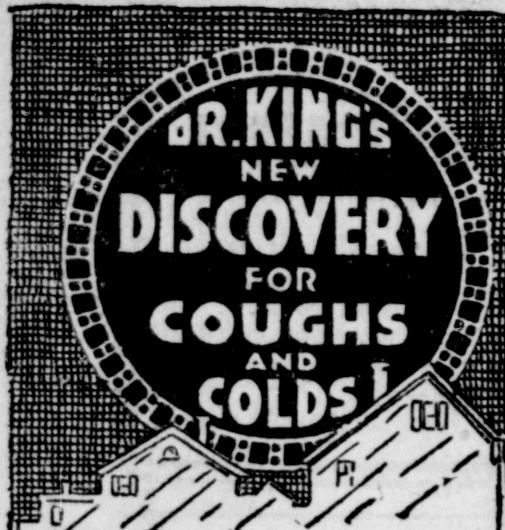

Allen R. Holden has bought twenty-five acres of the Caldwell farm, south of the city for 4500.

E. W. Ball, who has been ill at his home in West Third street, is much improved.

The address, to be illustrated by stereopticon, views at the M. E. church tonight at seven-thirty o'clock, will be on "The Passion Play." All members and friends of the church are invited to attend.

Henry Montgomery has filed suit against Samuel H. Trabue and Fred Walke, on an account demanding \$900. It is alleged that they purchased corn of him to the value of \$881.50 and he has not received payment.

The Christian Woman's Board of Missions has filed a claim against the estate of the late Nancy Furry, demanding \$5,000. The claim is based on a note Mrs. Furry is alleged to have given to the Christian Woman's Board of Missions.

Colds follow exposure

We can't stay in doors in bad weather, and colds often follow exposure. When you have gripe symptoms with sneezes, sniffles and sore throat, get a bottle of Dr. King's New Discovery, for here is a remedy that for nearly fifty years has been the favorite. The soothing healing pine balsams relieve the irritations and stop the cough and the anti-septic qualities kill the germ. Have it handy for gripe croup and all winter colds. Your druggist has sold it for years.

WILL RECLAIM 40 MILLION ACRES

Irrigation Canals Will Soon Make Large Acreage in West Ready For Settlers.

IS BACKED BY GOVERNMENT

Land Under Consideration Now Will Include 60,000 Farms—Many Homes Established.

(By United Press.)

Washington, April 5.—Forty million acres of barren land in the west are waiting to be converted into prosperous farms, according to the Reclamation Service of the Interior Department today. Soon modern irrigation canals will dot these wastes, supplied by the Reclamation Service from the fund obtained by sale of public lands in semi-arid sections.

Since the service was established 1,500,000 acres of land have been reclaimed and 1,000,000 of those acres are producing crops that will help bring down the high cost of living. Homes have been established on these lands by 30,000 families, and even thriving cities and railroad centers have sprung up where barren wastes existed.

Projects now under way or completed embrace approximately 3,000,000 acres of irrigable land, divided into 60,000 farms. The net investment thus far is about \$100,000,000.

In some cases the Reclamation even controls its own reservoirs and coal mines for the people who have moved to the opened territory. This instance is illustrated at Williston,

Kitchen Is The First Line Trench

Home Preparedness Should be the Watchword in Every Home. Domestic Life of Modern Army Should be Example to Every American Housewife.

BY CARL VROOMAN.

Assistant Secretary of Agriculture. Member of the National Emergency Food Garden Commission. (Written for United Press.)

Washington, April 5.—The domestic life of a modern army should be an example to every American woman, rich or poor to keep her home "prepared." Home preparedness means substitution of cheap, appetizing dishes for costly foods practical, elimination of waste, and scientifically balanced rations.

There are two groups of foods that enter into a balanced human ration—the protein group, like meats, eggs and beans and the starch group, such as potatoes, rice, cereals, bread, etc. The protein foods as a rule are more expensive than the starchy foods. Some protein foods, however, are cheap. The prime factor in economy in foods is the choice of protein foods that are at the same time cheap and palatable.

A cheap food, rich in protein and fats is the ordinary field soy bean, often sold under the name "Togo bean." Ten cents forth at the price of 15 cents a quart will supply over 5 ounces of protein, while average beef at 20 cents a pound will supply little over 1 ounce of protein for the same money.

Excellent soups can be made from the water in which soy beans are made. The butcher give you all fat cooked as well as from the water in which most vegetables are boiled. Save also vegetable tops, skim milk, bones and meat scraps for soups. Make th butcher give you all hie fat that he weighs with your cut of meat—it's valuable grease.

Don't depend on one kind of food. When potatoes are dear remember

that 1 pound of dry corn meal provides about 5 times as much fuel or energy and 5 times as much tissue-building protein as 1 pound of raw potatoes and cost from one-third to one-sixth as much.

Raisins are rich in sugar, mineral salts, and the natural grape acids and their cost is low.

Whole wheat, cooked till it bursts open, or cracked in a little \$2.50 hand mill is one of the most delicious, nourishing breakfast foods known—and inexpensive even at the present high price of wheat.

Save fuel and labor by making nut breads only when using your fire for the cooking of other foods. Avoid the danger of overcooking, and conserve the flavor of your dinner by

New Mown Hay

"Perfume From Flowers of the Orient" charms those who appreciate an elusive odor that is delicate yet rich and lasting.

HARGROVE & MULLIN

using a fireless cooker. You can make a good one yourself very cheaply.

By such expedients as these every woman can "prepare" her home not only against war but also against sickness and hard times.

"A Paint For Every Purpose"

GUNN HAYDON

**CROPS ACREAGE
LARGE THIS YEAR**

Whether Nebraska Has Bumper Crops Depends on Weather as Much Ground is Used.

OLD HI COST RESPONSIBLE

Some Winter Wheat Killed is Being Turned Under Getting Ready For Corn.

(By United Press.)

Lincoln, Neb., Apr. 5.—Nebraska's crop acreage this year will be the greatest in the state's history. Whether Nebraska's 1917 crop yield will be the greatest in its history will depend on weather conditions.

The high cost of living, with the consequent high prices paid for farm produce, is in part responsible for the increased acreage.

Only a normal wheat crop is expected. Farmers now say that the wheat is not strong and will require the most favorable conditions from now on to make even a normal crop.

The corn acreage will be greater than last year. Where wheat has been winter-killed the farmers will plow it up and plant the fields in corn.

The high prices brought by garden produce and by such staples as beans, etc., will mean an increased acreage for these also.

Included in this list is very likely to be the potatoe.

One of the effects of the high cost of living which will be seen in cities and towns all over the state will be increased gardens. In the larger cities and towns every vacant lot stands a good chance of being used for a garden.

**NEWSBOYS KNOW MORE
OF CURRENT EVENTS
THAN COLLEGE MEN.**

(By United Press.)

Chicago, April 5.—College students may be past masters of Latin and Greek, but on current events, they're back numbers compared with the peddler of "poipers" on the city's streets.

In an experimental demonstration conducted by Prof. Herbert Willett on "past and current" topics less than 50 per cent of Chicago University's cultured ones answered the questions correctly.

Gerard, unattached ambassador was designated as "a good smoke," "a German taking a keen interest in the war."

Lloyd George was credited by one student with being "the king of England." Zimmerman, German minister of foreign affairs was accused of being both a "prize fighter" and a "baseball player."

Patrik Henry wasn't even mentioned as the originator of the "Give me liberty or give me death" national byword. Nathan Hale and Henry Clay were favorites.

The Chinese prince was everything from a "southern secret society" to an "Indiana reformer."

Not a single student knew that Thomas was the "Wizard of Menlo Park."

WHAT-YOU-MAY COLUMN

BY "GM"
Tips.

Tipping is a habit, a necessity and a damnable outrage engendered by a germ. The germ is employed by hotels, mostly; and is known by various names such as bellboy, hat checker, waiter, etc.

This germ is bred and reared in uniform. It attacks all ages and conditions of men alike. It feeds on small change; and its appetite is constantly improving.

Tipping is an example of something. He gives you nothing. And if you don't give him something, next time you go there he gives you less than he gave you in the first place.

The tip germ is everywhere and in everything, particularly in a hotel. There is only one thing around a hotel you mustn't tip. That's your soup plate. It isn't polite to do that.

Why is the guarantee on BUICK cars more liberal than any other car selling at several hundred dollars more? Why is it that Buick cars have longer life than some others and the upkeep so much less? Why is it that in the last fuel economy contest that was held in New York the Buick won first, second, third and fourth prizes? Why do you buy an automobile whose engine has proven itself to consume more gasoline than a valve-in-the-head Buick? Why don't you permit us to prove the above fact (if our competitors cannot) and then you will fully realize what is meant by us when we say WHY DON'T YOU BUY A BUICK? Call and see the 1917 models and let us give you a demonstration that is a real test of Buick Power and Strength.

Another Puncture

It always happens at the most maddening time—just when you want to catch a train or keep some important engagement. And usually it isn't really a puncture at all, but a leaky tube.

Now porous rubber (so-called) and leakage around the valves are among the commonest failings of cheap, machine-made tubes. If you are tired of these needless "punctures" equip your car with Kelly-Springfield Tubes. They are made slowly and painstakingly by hand out of real rubber.

They can be punctured, of course, but they won't leak. If you use Kelly-Springfield Tubes in Kelly-Springfield hand-made, real rubber tires you will add increased mileage to freedom from needless tube troubles. That's why the tubes and tires we sell are

Further Revelations Show Plan to Attack America Through Mexico

PLOT AGGRESSIVE MOVE AT BORDER

Representative Miller, Member of House Foreign Affairs Committee, Reads Unpublished Parts of Zimmermann Letter Seeking to Align the Southern Republic Against United States, During Debate on War Resolution. Says Munitions Have Been Delivered in Mexico and German Reservists Are Gathering There.

USED AS MEANS TO SQUELCH PACIFISM

(By United Press.)

Washington, April 5.—Reading what he declared to be unpublished parts of the Zimmermann letter seeking to align Mexico against the United States, Representative Miller, of Minnesota, in the house this afternoon declared the plot included the establishment of submarine bases at Mexican ports.

Miller is a member of the house foreign affairs committee. His revelation of additional details of the Zimmermann plot came during the debate on the war resolution.

In addition to the submarine base plan he showed that Germany planned an aggressive move along the Mexican border by urging all reservists in this country to go to Mexico.

The reservists were to unite with Mexico against the United States and attack the border.

Moreover, he declared German reservists were making plans in Mexico and within the last few days munitions had been delivered on the west coast of Mexico.

Villa, he declared, is surrounded by German officials who have taken control of this band.

Miller said Carranza, too, is dominated by the German government. He declared that a flood of German money is being poured into Mexico now.

Miller solemnly pointed out that the Mexican menace with the German taint is grave and warned that "we must pass this resolution now or haul down the flag forever."

It was strongly hinted among house leaders that the Villa revelations to the Zimmermann plot note was used as an administration move to squelch the pacifist arguments which have shown growing tendencies in the house during the day and to show that congress is behind the president.

There was no doubt late this af-

First Step to Prepare for Active War

Congress is Asked by Secretary McAdoo to appropriate \$3,400,000, 000 For Army and Navy Expenses Secretary Daniels Asks Navy be Increased to 150,000.

BOND ISSUE TO RAISE SUM

(By United Press.)

Washington, April 5.—The government today took its first active step in preparing for war.

Secretary of the Treasury McAdoo asked congress to appropriate \$3,400,000,000 for army and navy expenses. Secretary Daniels asked that the navy personnel be increased from 87,000 to 150,000 and the marine corps from about 17,000 to 50,000.

Besides the sum mentioned Daniels asks through McAdoo an additional \$175,000,000 to be available in June 1918 to care for the additional personnel of the navy and marine corps.

The department of justice asked for an appropriation of \$300,000.

This vast sum will be raised through a bond issue. The rate of interest will be about three per cent. The federal reserve board will have charge of the war expense.

REGISTERING OF ALL SINGLE MEN DEBATED

Means of Raising Army of 2,000,000 as Quickly as Possible Considered by Defense Council.

EXTENDED DEBATE LIKELY

By ROBERT J. BENDER

Washington, April 5.—Means of registering all single men between the ages of 20 and 23, under the universal training bill, and those to be exempted were discussed today by the council of national defense.

Co-operation of the state and municipal governments towards accomplishing this work will be sought under general plans in aiding the placing of the government on a war footing. It is the intentions of the war department to raise an army of 2,000,000 men, the men to be raised in divisions of 500,000 as rapidly as officered and trained.

Now that congress has nearly completed its action on the war resolution there is beginning to be some uneasiness over the universal training idea. Democratic leaders predict an extended debate on the question, but they feel that under the present circumstances it will go through.

FOREIGNERS WILL FIGHT

Pittsburg, Pa., April 5.—Polish-Balkans today wound up their convention by dispatching to President Wilson a telegram offering to raise a Polish army of 100,000 to fight Germany. A great many of the men have had war experiences in Europe.

GRATITUDE FOR RELIEF EXPRESSED

John W. Rodgers, Chairman Newcastle Finance Committee, Thanks Rush County For Help

PROMPTNESS WAS AN ASSET

Sum of \$1452.30 Does Not Include Money Received From Other Sources in Rush County

Mayor Behout has received a letter from John W. Rodgers, chairman of the finance committee of the Newcastle relief committee, in which the gratitude of the citizens of Newcastle for the aid rendered them by Rushville is expressed. A total of \$1,452.30 was sent to Newcastle through Mayor Behout. Donations direct to the committee from here and other towns in Rush county brought the total up to \$2,500. The letter received by Mayor Behout is as follows:

Clara L. Behout, Mayor, Rushville, Ind.

My dear Mr. Behout:—In addition to the formal receipt which you will receive, I want to express on behalf of the citizens of Newcastle, the deep feeling of gratitude which the citizens of Newcastle have for the magnificent support given by the good residents of Rushville and vicinity in the form of \$1452.30 contributed to the relief fund.

The promptness with which you acted, the swiftness with which your citizens worked, enabled our relief work to start immediately and the gratitude of the citizens is greater because of the promptness shown.

For your information will say that our records show we have received the above amount from you, and this amount does not include any contributions that were received from your community through other sources.

Will you please see that this letter is in some way called to the attention of the good citizens of Rushville and vicinity that they may individually know how everyone in Newcastle appreciated what their good neighbors did.

Very truly yours,
New Castle Citizen's Committee
JOHN W. RODGERS,
Chairman Finance Committee.

COMPLETE PROGRAM IS LIKELY TOMORROW

Odd Fellows Band Offers Services For Patriotic Demonstration Free of Charge

JUDGE SPARKS WILL PRESIDE

Plans for the patriotic meeting to be held here next Monday night at the Graham Annex auditorium are steadily progressing and a rousing interest is in prospect. The speaker of the evening will be M. E. Foley of Indianapolis, known as the "Irish orator." The committee in charge hopes to be able to announce the complete program by tomorrow.

It was announced today that the Odd Fellows band had offered its services and had been accepted. A musical program is being worked out under the direction of Prof. Parke, and this promises to be one of the features. Judge Will M. Sparks will preside at the meeting.

COMMISSION WILL SETTLE SQUABBLE

State Utilities Body Will Conduct Hearing on Petition of Mays Phone Plant Owners

LOWER SERVICE RATE ASKED

Free Service Resumed Pending Outcome of Controversy—Local Company Believes it is Right

Free telephone service between this city and the twenty-six subscribers of the Mays system taking Rushville service was resumed yesterday. This was done on the recommendation of the Public Service Commission.

A copy of the petition of the Spiceland Telephone Company, the company owning and operating the Mays plant, asking that the rates be revised, was received yesterday by the local telephone company. The objection is made to paying the Rushville company fifty cents a month for Rushville service. The commission advised the Rushville company to continue the service as in the past pending the final outcome of the case.

The hearing on the petition will likely be held in this city, at least the local telephone company is going to insist on this action. The petition asks for a part of the fifty cent charge for Rushville service. The Rushville company has gone on the theory that the fifty-cent charge was just since the subscriber living in Mays had the same privileges as a resident of Rushville in that he had the use of 2,065 telephones and paid only a small rate.

The petition contends that the Spiceland company owns all of the lines from Mays to the corporation line of Rushville, when as a matter of fact the Rushville company purchased these lines to a point four miles north of the city before the Spiceland company took over the Mays system and has a bill of sale for the property.

Local telephone officials feel certain that when the commission hears the facts in the case the old rate will be sustained or perhaps even a larger charge placed on those desiring.

MEET OPPOSITION FROM THE OUTSIDE

Boosters of Stock Sale to Locate Factory Find Foreign Concern is Getting Money Here Pointed Out That Modern Appliance

AND IT IS ONLY "ON PAPER"

Co., is Established Business With Fine Prospects

While many boosters for Rushville are straining every nerve to sell ten thousand dollars worth of stock in the Modern Appliance company of Chicago in order to locate it here and are being refused by many who should help, some Rushville citizens are investing money in a stock company in a nearby city which has never turned a wheel and is all "on paper," but has a fine "prospects" and a fluent salesman.

This is the condition which now confronts the men who are sacrificing their own interests for the welfare of the city in endeavoring to help it along industrially. They find men each day who should be just as much interested in Rushville as they, putting their money in a stock company which has no tangible assets whatever, which will never do Rushville any good, and which will likely pass the way of most all stock-selling schemes where it is put on the market with a large selling commission slipped out.

The men who are boosting the factory proposition were badly disappointed when they learned that the civic pride of some Rushville citizens does not go far enough to help bring a promising industry to Rushville but can be stretched to the point where the purse is opened to a stranger with a fine "line of talk" that convinces them though it may have little or no merit.

The men who are soliciting subscriptions to the stock issue of ten thousand dollars to the Modern Appliance company point out that the company is, now on a paying basis; it has tangible assets and a business already established; has opened up its own market and now has more orders on the books than it can turn out; needs only more capital.

Husband of Local Teacher Throws Man Shurring the President Into the Street

Captain George W. Twomey, husband of Mrs. Twomey, teacher of stenography and typewriting in the high school here, was one of three officers of the Second Indiana regiment who reflected much credit on themselves at Louisville, Ky., yesterday when they resented a slur on President Wilson by throwing the unpatriotic man into the street. The man not only criticized the president, but offered insults to the men of the regiment. The dispatch, describing the incident, continues as follows:

Three captains of the regiment, George W. Twomey, Roderick Munford and W. H. Kelley, pounced on the indiscreet one at the Tyler Hotel, skidded him across the floor of the Bathskeller through the lobby and then pitched him into the street. The regiment men were seated at a table when the stranger of much avoirdupois sidled up and ventured the assertion: "If President Wilson had 1,000,000 men like you he wouldn't know what to do with them." The fleshy one scarcely had finished speaking when a khaki-clad arm was at the back of his neck and two pairs of more than willing hands were wrapped about his knees. When the man fell sprawling to the sidewalk some one yelled: "He's going to draw a gun." It developed, however, he was unable to draw anything but his breath, and this with difficulty. "Who's your guest?" Nic Bosler, proprietor of the hotel was asked. "It doesn't make any difference," answered Bosler, "this hotel is run on the American plan nowadays."

Footwear Fancies

Every woman loves dainty footwear. In former years she had comparatively little opportunity to gratify her fancy in this respect.

Now every color and style of footwear is in use from the most exquisite evening slipper to the sturdiest boot.

Leathers in colors never seen before, fabrics of numberless shades and patterns, heels that range from a single "lift" through every conceivable curve to a three inch "Louis," tongues and buckles, ribbons and buttons—all are waiting to delight the eye of the discriminating woman.

You can learn from the advertisements in The Daily Republican what the retailers are prepared to sell you and the prices thereof.

Read these announcements carefully and save time in making your selections.

With the Fingers! Says Corns Lift Out Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heel footwear is putting corns on practically every woman's feet.

EASTER WILL NOT BE FASHION SHOW

San Francisco Churches Back Plan to Wear Old Clothes to Meeting Sunday.

FIRST STARTED IN CHICAGO

(By United Press.)

San Francisco, April 5.—Easter Sunday 1917 will be remarkable for the fact that it's observance in San Francisco churches did not consist of a fashion show for the main attraction and divine services as an excuse, if a movement started in Chicago and taken up in San Francisco is carried out.

A coterie of girl members of a Christian Endeavor Society in Chicago started the idea when they decided to keep their fancy Easter bonnets and their new spring clothes in the dark recesses of the family trunk on Easter Day and to devote themselves to the spiritual and not the decidedly material form of worship. In San Francisco the Rev. J. H. Barney of the California street church made the first step when he requested that the choir of his church, which is to render elaborate Easter music, come in simple raiment, just to set a good example for the congregation.

Kokomo—Girls attending the Kokomo high school have been urged by the faculty to refrain from "scanty dress." The girls were also asked to give up public dances.

HOGS UP TEN CENTS AND WHEAT ADVANCES

Grain Shows Spurt With Discouraging Reports of Crop Conditions Coming In.

WHEAT GAINS FIVE CENTS

Hog prices in Indianapolis advanced ten cents today with receipts a thousand less and grain was much stronger. In Chicago wheat prices spurred because of discouraging reports of crop conditions.

May wheat was up three and five-eighths; July, five cents; September, four and an eighth. May corn was up one and a quarter; July, one and a half; September, two and three-eighths. May oats was the same; July was up a cent, and September was off three-eighths.

Indianapolis wheat went up four cents; corn, four cents; oats, one cent.

Quotations on wheat, corn and oats each advanced three cents today.

FURTHER PROBE FORECAST

Grand Jury May Take up Election Investigation Again April 11

(By United Press.)

Indianapolis, Ind., April 5.—Further investigation of alleged frauds in Indiana in the election of 1916 were forecast today when the federal grand jury was called to resume its deliberation on April 11. The grand jury was summoned as a result of statements made yesterday when forty republican politicians of Evansville pleaded guilty. It is understood that more of the Evansville conspiracy will be taken up by the grand jury.

UNARMED STEAMER SUNK

52 Americans Aboard Missourian Sent Down in Mediterranean

(By United Press.)

Washington, April 5.—The unarmed American steamer Missourian with fifty-two Americans aboard has been torpedoed and sunk in the Mediterranean, according to a dispatch received by the state department today from a United States consul at Genoa. All of the crew were saved.

Solid Comfort

Has he got a soft job? I guess so. He lies down on it all the while. Judge.

The Final Word Has Been Spoken on Easter Styles

Possibly you have waited until the last moment to complete your Easter wardrobe. Perhaps you were afraid of buying in haste and wearing in repentance.

CRITICIZES WILSON'S ADDRESS BITTERLY

German Press Insists There is no Cause for War Between Germany and America Even Now

CALLS PART OF IT DISHONEST

Berlin, April 5.—Bitter criticism of what was termed President Wilson's bad faith, charges that England commanded the indictment of the Kaiser's dynasty and insisted that there is no cause for war between Germany and America, featured Berlin newspaper comment today, on the American executive's speech, just received.

Particularly violent antagonism was expressed against the president's separation of the German government from the German people. "History will condemn this deed of a stubborn fanatic," said one semi-official paper. "President Wilson's assertion that the war is not against the German people but the German government will not lessen German anger, but besides it is untrue and dishonest."

"History records no war like this of a whole people fighting for their existence in a war created in hatred and grudging of the whole world."

RELIEF SHIP SUNK BY U-BOAT

Committee Says Trevier Had Assurances of Safe Passage

(By United Press.)

London, April 5.—The Belgian relief ship Trevier has been torpedoed and sunk by a submarine, according to dispatches today. Twenty-four members of the crew have been landed, eight of them wounded.

New York, April 5.—The Trevier sailed from New York for Rotterdam February 20 with assurances of safe passage through the submarine danger zone, it was stated today by the committee for the Belgian relief

Do You Want to Sell Your Old Gas or Coal Cook Stove?
We Will Give
\$5.00 For any gas or coal cook stove, NOW IN USE \$5.00
Special Offer

As a special inducement to those who feel that their present old range is still of some value and service to them we make the following offer: If your old gas or coal range is now connected and is in use we will take it off your hands and allow you \$5.00 for it toward the payment of the **NEW CHAMBERS FIRELESS COOKING GAS RANGE**.

Understand

The factory is giving this \$5.00, and not us, but just through our store.
THE OFFER ABSOLUTELY LASTS ONLY 10 DAYS, BEGINNING APRIL 2, 1917.
The Range that cooks on two-fifths of the gas it takes to operate any other gas stove. In fact, your Range could be paid for in the saving of GAS and TIME in about twelve months.

Don't Forget this

We install this Range on an absolute guarantee. How can we do it? Because we sold 64 of them last year and none of them came back. If you care to know who your neighbor is who uses one of these stoves, call us up.

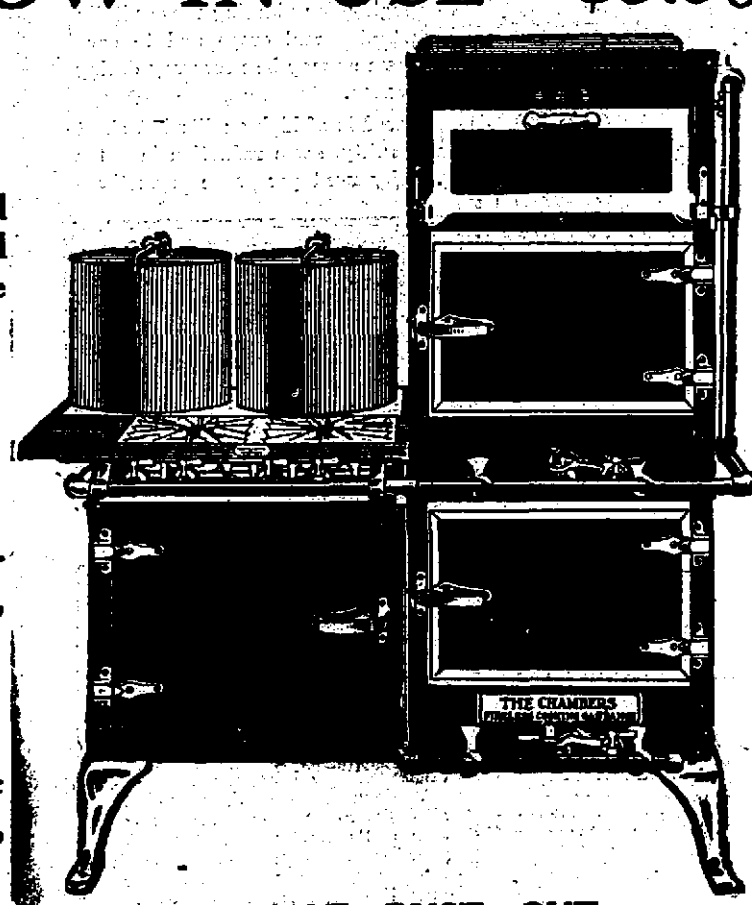

Will your Gas stove bake WITHOUT the GAS BURNING? Ours will. Colleges teach agricultural saving on the farm. This teaches you saving of money, time and health at home. Just think of roasting and boiling all night without a fire. These are just little features which pertain to this range, but by having the opportunity to show you, we can explain to you at least 50 others.

THIS STOVE CAN BE TAKEN APART IN EVERY DETAIL WITHOUT A WRENCH OR SCREW DRIVER.
The factory representative is here this week who will call on you and explain this stove in full. For other information Call us

Only one ever made, Chamber Fireless Cooking Gas Range 8 yrs. old
Delivered Anywhere in County.

**Stop Food Corp Wastes.**

Much emphasis is being placed just now on the necessity of conserving every particle of energy because of war which is sure to come. Special stress has been laid on the fact that the people at home should bear just as much of the burden and can make themselves equally as

important, to a successful prosecution of war as the men at the front. One of the first steps is the practice of economy by everyone. The housewife has been urged to do her share in stopping waste and the government authorities have put it up to the farmer to do his share. This is essentially a farming community and the farmers of Rush county should consider it their economic as well as patriotic duty to strive this year for the highest standard of efficiency in the production and conservation of food. Production accomplished by wasteful methods does not make for efficiency and careful thought, therefore, should be given to the steps that need to be taken.

Department of agriculture officials point out that at this, the approach of the growing season, it is pertinent to consider steps which would be taken during the starting or the growing of crops to prevent or eliminate staple cereals, which constitute a waste. In the case of the great large proportion of our food supply, conspicuous production wastes result from failure to give proper attention to the selection and safeguarding of seed for planting, the preparation of the land, and the care of the crop. For instance, only varieties known to be well adapted to the region where planted should be selected, so that in case of such a crop as corn the grain will not fail to mature properly in a normal season. The planting of seed that will not germinate often results in great loss of time, labor, and money which could have been avoided by testing the seed for germinability before planting.

In some sections the damage to crops by destructive diseases and insects is the most conspicuous crop waste. Economically sound and efficient production necessitates protection of crops against these pests. Disinfecting dips for seed and sprays and spraying for growing crops now have been developed to a point where they afford for certain crops a form of insurance that farmers can not afford to neglect.

Under existing conditions, every precaution should be taken to reduce production wastes by testing seed sufficiently in advance to insure against the planting of dead seed; to treat with disinfecting dips all seed subject to diseases that can be prevented, such as the smuts of wheat, barley, oat, and rye, the losses from which are estimated conservatively at \$50,000,000 to \$60,000,000 in the United States in the average year; to prepare especially thoroughly for planting these vitally important cereal crops and to care for them as may be necessary during the season.

If seed is of high quality but short in quantity, some reduction in the quantity used per acre sometimes

WATCH YOUR STOMACH

IF FOOD SOURS, BOWELS CLOG, STOMACH HURTS, HEAD ACHES, BREATH BAD, HEART PALPITATES, TAKE PEP-SINCO. YOU NEED IT. IT WILL HELP YOU.

Thousands upon thousands of persons are taking Pep-sinco and are having perfect health. Many of them suffered with indigestion, sick headache, sour stomach, dyspepsia, palpitation and other stomach disorders. They are all well today. They took Pep-sinco because it helped others; because it is highly recommended.

So many ordinary ills are closely allied to stomach faults that it is safe to apply the definition of indigestion to practically every internal complaint. If you have trouble with your food—if gas follows eating, if belching distresses you, if flatulency produces heart palpitation or heartburn—then Pep-sinco is the preparation for you to take, for it offers the relief decidedly the quickest and best.

You try it out. Take a dose of Pep-sinco. You'll find we are right. You'll feel better after the first dose. It's prompt action will bring you around to normal health quickly and safely.

Pep-sinco will tone up the stomach nerves; it will brace you up and make you feel like a new person. It will permit you to eat and enjoy what you eat. No distress follows a meal if you take Pep-sinco. Ask your druggist today for a small package of Pep-sinco and your stomach worries will be over. It is inexpensive. It is a friend worth while. Don't delay. Get it now—today—and prevent a chronic condition that is bound to follow neglect of the stomach. We will send a sample if you will mail your name and address. The Neuro Pharmacal Company, Wapakoneta, Ohio.

(Advertisement.)

can be made with profit if the soil is especially well prepared and the seeding done carefully. Under favorable conditions as good a stand of oats can be obtained, the specialists of the Department have found, by drilling 2½ bushels per acre as by sowing 3 bushels broadcast, with resultant increase of yield per acre as well as increase of acreage planted.

Where spring wheat is planted, and to some extent barley and the grain sorghams, varieties should be sown that do not shatter, especially in the drier districts. No grain should be allowed to become dead ripe before cutting, because of the tendency to shatter when in that condition. Most farmers probably will find it possible to locate and prevent important wastes if at the beginning of the season they will give the matter serious thought and undertake to correct such wasteful practices.

Yes, war is hell. But there comes a time when even hell has a halo in comparison with other things.

An exchange says that to clean a carpet we should peel a pound of potatoes, scrape them, stir the pulp in a pail of water, strain, etc. etc. Take the carpet!

Don't let the prospects of war with Germany distract your attention from the war already on—with the H. C. L.

Nobody can blame those German sailors for attempting to escape. The word had gone out that they were to be sent to a "bone dry" state.

Society women at Atlantic City insist on the hotel managers treating their pet dogs as guests. The managers should accede to the demand. Any dog is as good as the woman who considers a dog her equal.

Turkey may be considered the "sick man of Europe," but from his recent efforts at springtime you would never believe it.

INITIATES CLASS OF 21 CANDIDATES

Knights of Pythias Staff Also Gives First in Amplified Form at Milroy School Auditorium

LUNCH AND SPEECHES ALSO

Twenty-one candidates were given the first degree by the staff from the Rushville Knights of Pythias lodge at Milroy last night and afterwards the amplified first degree was presented to a large audience at the school house auditorium. Following the public meeting the lodge reassembled at the lodge room and a lunch was served.

An impromptu program of speeches was carried out, many Rushville K. of P.'s responding with short talks. Among those speaking were Fred Beale, grand chancellor of Ivy lodge of this city, S. L. Trabue, Bert Conde, Walter Peters, W. O. Feudner, Charles Green, Omer Trussler, George Priest and Frank Priest. Dr. C. S. Houghland of Milroy also spoke and Frank McCorkle responded on behalf of the large class which received the degree. Clay Owen of Terra Haute, representing the endowment degree, made a few remarks.

The same degree team will go to Connersville Friday night on a special I. & C. car at seven o'clock. Many members of the lodge will accompany the staff. A rate of fifty-five cents for the round trip has been obtained.

GIVES PATRIOTIC PROGRAM

High School Sings National Anthem and Other Appropriate Songs

A patriotic program was given at the high school assembly period this morning. The orchestra played and the school sang "America" and "The Star Spangled Banner." Great patriotic enthusiasm was aroused. The Junior high sang in closing "The Stars and Stripes Forever." Tomorrow morning another of the student programs will be offered and at that time a special feature will be a guitar solo, "Annie Laurie" by Miss Helen Caldwell of Decatur, Ill.

Corns Loosen Off With Magic "Gets-It"

3 Drops Do the Work, Painlessly.

"I tell you, before I heard of 'Gets-It' I used to try to get rid of another for corns. I had them. I used bandages and they made my toes so big it was murder to put on my shoe. I used salves and ointments that ate off more of the skin than they did the corn. I cut and dug with knives and scissors, but now no more fooling for me. Two drops of 'Gets-It' did all the work. It makes the corn shrivel and get loose that you can just pick it right off with your fingers."

There has been nothing new discovered for corns since "Gets-It" was born. It's the new way—the common-sense, simple, sure way. "Gets-It" is sold everywhere, in a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Rushville and vicinity at the world's best corn remedy—H. H. H. & H. H. & Frank V. H. H.

DISCUSS STATE'S PLACE IN THE WAR

Farmers and Food Dealers Meet at Call of Governor Today to Plan Ways to Help

FOOD AN IMPORTANT FACTOR

Indianapolis, Ind., April 5.—Leading farmers and food dealers of Indiana met here today at the request of Gov. Goodrich to discuss the preparing of the state to produce more food supplies through a larger average of crops and more intensive farming. This action was taken as a result of war with Germany making it necessary that a greater supply of food be produced in the state than ever before.

The request of the governor for delegates to attend the conference follows:

"In the face of the greatest shortage in the food supply this country has ever known, we are preparing to enter the European conflict. Indiana will supply her quota of men. She must prepare to furnish more than her quota of food. An adequate food supply is the first essential to the support of the army in the field and the civil population at home. It is necessary to mobilize the agriculture of Indiana that we may plant a larger acreage, grow larger crops and prevent wastage. To this end I have called a conference of our agricultural interests."

H. E. Barnard, state food and drug commissioner, worked with the governor in making the meeting a success. Beside farmers, grain dealers, canners, dairymen, county agricultural agents, millers and stockmen attended the meeting.

Fresh pies, cakes, bread, dressed chickens, doughnuts, cottage cheese, will be found at the Ladies Musical exchange, Saturday, April 7th, 2012

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage, brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

SQUIRE HELMAN RESIGNS
Thomas Helman, for many years a justice of peace in Richland township, handed his resignation to Clerk Moore today. Helman has moved from Richland township to Noble township and is no longer eligible to hold office in Richland township. Thus far no one has been mentioned as his successor.

TROUBLE AHEAD, FOR SOME HEAVIES
— — — — —
Bob Devere Said by Some Fight Fans to be a Comer—Recently Licked Flynn.
— — — — —
WAS FORMERLY HIS PUPIL
— — — — —

Battered the Pueblo Fireman all Over the Ring and Gave Him Awful Beating.
— — — — —

BY H. C. HAMILTON.
(U. P. Staff Correspondent.)

New York, April 5.—Several years ago a young electrician crawled through ropes of a ring in Kansas City, Mo., and went through the motions of a scrap with Sailor Grande.

Previous to this battle, the youthful electrician had been earning \$25 a week at Excelsior Springs, Mo., by acting as punching bag for Jim Flynn, the Pueblo Fireman. Flynn was spending his afternoons battering the electricians face, and the most enjoyable part of the day—for Flynn—was the fact that he closed both his youthful opponent's eyes every afternoon.

Bob Devere, the youthful electrician, hung around Kansas City for a long time, fighting now and then and picking up a little money. One night an old time fight fan saw him in action and, pointing his finger at the husky youth, declared that there stood a future heavyweight champion of the world.

"If he takes the right sort of care of himself and is given the right sort of management, he will be on top before many years have passed. Remember what I told you."

Maybe the old fight fan made it a little strong, but it is interesting to note the climb of the youth.

He came to New York and had a few alleged fights around the small clubs in the metropolis, and then one day they matched him with Jim Flynn. Flynn grinned when he heard of the match.

"That's the kid I used to spar with at 'Excelsior Springs,'" he said. "He's got a stout heart, but I'll beat him sure."

Devere was carefully conditioned for this bout. He went into it with instructions to use his left hand at every opportunity on the fireman. It was the first time he had ever attempted to do any damaging punching with that hand.

He used his left with a jab, and he hooked with it. Between times he rammed home his right with an uppercut that had Flynn's face split from his forehead to his chin. In all his battles it is probable the Pueblo iron man never took a more thorough beating—and Devere, the former pupil of the formidable Flynn, left the ring without a scratch.

— — — — —
ALLEGES HORSE IS NOT SOUND
— — — — —

Roscoe Ward Brings Suit, Asserting It Was Misrepresented to Him
— — — — —

Roscoe Ward has filed suit against Orla Churchill and Russell Bebout, seeking to recover the purchase price of a horse, demanding \$150. It is alleged that the defendants falsely and fraudulently represented a horse sold to the plaintiff to be sound, except a little puff on one knee. Ward alleges that they misrepresented the horse and asks that the bill of sale be rescinded.

A RAW, SORE THROAT
Eases Quickly When You Apply a Little Musterole

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use.

WAGON UPSET BUT NO BOTTLES ARE BROKEN
— — — — —
Robert Powell's Horse Makes Mad Dash up Main Street, Ending When it Falls at Turn
— — — — —
DODGES OTHER VEHICLES
— — — — —

Not a bottle of milk was broken in a runaway this morning of the horse hitched to the milk wagon of Robert Powell. The runaway was as thrilling as any ever staged through the business district and that the wagon was not torn to pieces or someone hurt was considered remarkable. The horse started from in front of the Oneal Brothers store in South Main street and dashed northward through the business district.

The horse dodged all traffic and ended its mad flight by running up on the sidewalk in front of the Weeks Fresh Meat and Provision company's store, where it fell. The horse attempted to turn into Third street from Main, but could not make the turn and dashed up on the sidewalk. The wagon was lifted up over the curb and was not even scratched. The wagon was filled with milk bottles but not a one was broken.

UNUSUAL LAW SUIT IS ABOUT FINISHED
— — — — —

Case of W. O. Stewart Against Himself as Executor of Sarah Stewart Estate Near End
— — — — —

TO REACH JURY LATE TODAY
— — — — —

The claim of the estate of Riley Stewart against the estate of Sarah Stewart, in which William Oscar Stewart is the claimant by reason of being the administrator of one estate and the defendant because he is the executor of the other, was expected to reach the jury late this afternoon. The amount demanded is \$3,112 for services alleged to have been performed by Riley Stewart for his mother.

The defense introduced evidence today showing that Mrs. Stewart received very little attention from her son and an effort was made to show that Riley was the beneficiary by living with his mother.

Two damage suits against the Big Four railway, filed by Marshall Green were dismissed and the costs paid. Both suits were for \$300.

MEET WITH OPPOSITION FROM OUTSIDE RUSHVILLE
Continued from Page 1.
— — — — —

ital to develop its plant and increase its opportunities.

They recall that Rushville proceeded in a business-like way before a decision was reached to try to locate the Modern Appliance company. The president of the concern came here and told in a straightforward manner just exactly the condition of his business. Two Rushville men in whom great faith was placed went to Chicago and found that a thorough investigation verified to the minutest detail what the president of the concern had said.

Now the business men are asking Rushville to help along a business that has been investigated by its own citizens and which will be of benefit to Rushville as against taking the word of a stock salesman who is selling stock in a concern that exists only in somebody's mind, for the commission which he is promised. When the two issues are considered fairly and honestly, those who are back of the factory project feel that every sensible citizen who wants to see Rushville advance and thrive will support the business which has the stamp of approval of Rushville men and will do Rushville some good as against an outside institution which will never bring a penny to Rushville and which offers little if any assurance that it will ever do business.

Miss Katherine Hitt

There will be a regular meeting of the Eastern Stars, tomorrow night.

There was a business meeting of the Tri Kappa sorority last night with Mrs. Earl Moore. Ten members attended.

Mrs. Holmes Bible class will meet at her home at 216 West Third street tomorrow afternoon. The lesson will be Matthew, 7 chapter.

Mrs. George Willse entertained the members of the Woman's Foreign Missionary society of the St. Paul's M. E. church yesterday afternoon at her home in West Fourth street. Yellow and white were carried out in the decorations and these colors also predominated in the refreshments.

Many guests from here were present last night at the wedding of Miss Catherine Hibben, daughter of Mrs. Harold B. Hibben, and Ward H. Hackleman, son of Dr. and Mrs. P. G. Hackleman, which took place at the Hibben home in North Delaware street, Indianapolis. The Indianapolis Star describes the wedding as "most charming in its simplicity."

The only attendant was Richard Fairbanks, Jr., the little nephew of the bride, who carried the ring for the ceremony, which was pronounced by the Rev. M. L. Haines of the First Presbyterian church, Indianapolis.

A beautiful program of wedding music, including "The Swan," by Saint-Saens and "Berceuse," by Hasselman, was played by Miss Bertha Schellenschmidt, violinist; Mrs. Louise Schellenschmidt Koehne, harpist, and Adolph Schellenschmidt, cellist, as the guests were gathering. The bridal chorus from "Lohengrin" announced the entrance of the bride and bridegroom into the large reception hall, which was used for the ceremony room, changing to "Melody" by Charpentier for the wedding service.

The bride wore an exquisite costume of white satin adorned with pearls and embroidered tulle and fashioned with a long court train. The filmy bridal veil was becomingly arranged with orange blossoms and the bridal bouquet was of orchids, lilies of the valley and white violets.

All the house was decorated artistically with masses of palms and many flowers. An altar of ferns set with white lilies and roses and topped by a canopy of greenery and roses gleaming with pink shaded lights, formed the setting for the wedding ceremony. In other rooms were masses of palms and countless spring blossoms, predominated by pink snapdragons and other fragrant pink blossoms.

The luncheon was arranged in pergola effect for the bride's table, with white pillars entwined with greenery and studded with soft pink lights. On the table was the wedding cake wreathed with white orchids and lilies and the confetti in pink candy baskets tied with bridal tulle, while above was suspended a beautiful wedding bell of white roses lined with tiny pink rosebuds.

Mr. Hackleman has taken his bride on a wedding journey, Mrs. Hackleman traveling in a coat suit of blue with hat to match and fox furs. The at-home announcement is for 1501 North New Jersey street after May 15.

Among the guests were the following from this city: Dr. and Mrs. Hackleman, Ralph Hackleman, Miss Libby Hackleman, Mr. and Mrs. Louis Mauzy, Miss Helen Scudder, Miss Frances Frazee, Scott Baell, Perry Oneal and Byron Cowing. Mr. and Mrs. George DeHority of Elwood were also present. Other guests aside from those living in Indianapolis were: Dr. Freeman Hibben of Boston, brother of the bride; Mrs. Rust of Cincinnati, O.; Mr. and Mrs. A. L. Drum of Chicago, Miss Minshall of Washington, Miss Alice Warren, Miss Foot, Mrs. Pritchard, Mrs. Hunter and Miss Freeman of Terre Haute.

Mrs. Links Bible Class will meet with Mrs. B. F. Miller, 501 North Morgan street Friday afternoon. The lesson is Samuel—1, Chapters 4-6.

There will be a party given for the primary and beginners class of the Main Street Christian Sunday school tomorrow afternoon at 3:30, in the parlors of the church.

The regular meeting of the Dunning Music Study Club was held with Mrs. Boys yesterday. Intense interest was shown throughout the entire program. Refreshments suggestive of Easter were served.

The Ladies of the April division of the C. W. B. M. of the Christian church entertained sixty-five of the members at the church yesterday afternoon. After the interesting program, refreshments were served.

The Band of Workers of the First Presbyterian church held their regular business meeting yesterday afternoon in the parlors of the church. Plans were made to give a penny supper next Tuesday evening, April 10.

The Wednesday afternoon Auction Bridge club was delightfully entertained by Mrs. Vern Norris yesterday. Twelve members were present and after the usual spirited rounds at cards, refreshments were served and favors of small flags given.

Louise Miller entertained twelve of her girl friends at dinner last evening, yesterday being her seventh birthday. In the center of the table was placed a large birthday cake, lighted with seven small candles. Potted hyacinths and Easter flowers adorned the rooms, in which the children were entertained with games and guessing contests.

The Young Woman's Missionary Society of the U. P. church met with Mrs. Robert Conover yesterday afternoon with Mrs. Boyer as leader. Mrs. Hal Pike read a paper entitled, "The Missionary Life," and Mrs. James Hall read a paper "Native Christian Hero." Refreshments were served, in which the color scheme of yellow and white were used.

Miss Leah Flint, assisted by Miss Laura Holden, entertained twelve members of the Psi Iota Xi sorority last night at the home of Miss Flint in North Perkins street. After a short business meeting Miss Gladys Behout reviewed the book, "The Road to Understanding" and Miss Gladys Wallace reviewed "The Rose Garden Husband." Refreshments were served by the hostesses.

The members of the C. W. B. M. will have prayer meeting this evening at 7:00 o'clock, instead of 7:30 as before announced. There will also be a slight change in the meetings for tomorrow afternoon. They will be held with Mrs. John H. Frazier, 803 North Harrison street, Mrs. W. A. Woolen, leader; with Mrs. P. H. Chadwick, 906 North Willow street, Mrs. George Looney, Jr., leader; with Mrs. Will M. Frazee, 211 West Third street, Miss Emma Casady, leader; with Mrs. Omer Pierson, 221 East First street, Mrs. C. M. Yorum, leader.

Forty guests were entertained with a Thimble party, yesterday afternoon by Mrs. Sarah Giffin and Mrs. Will Dill. A patriotic program was arranged for the occasion, including the song "America," by the guests; a paper on "Our Flag," which treated of the uses and abuses of the American flag, this being written by Mrs. Frank Jones; "Star Spangled Banner," sung by Mrs. Will Amos. The room in which the guests gathered were decorated with flags and jonquils. At the conclusion of the afternoon, a tempting one course luncheon was served.

Social Calendar

Friday

Mrs. Holmes Bible class at her home, 216 West Third street.

Mrs. Links Bible class with Mrs. B. F. Miller, 501 North Morgan street.

Mabourning Council 36, D. of P. at Red Men's Hall at 7:30 degree work.

W. R. C. entertains G. A. R. in the afternoon at Graham Annex.

The Baptist Aid society of the Baptist church of Arlington, was pleasantly entertained by Mrs. Clyde Mull, yesterday, at her home near Arlington. Easter flowers and flags were used throughout the different rooms, and flags were also given the twenty-four guests as favors. A short musical program was given by Mrs. Burney Piper and dainty refreshments were served.

The Tuesday Study Club of Raleigh met Tuesday afternoon with the Misses Flossie and Zula Jackson. Aside from the ten members, the Misses Ruby Smiley and Elsie Caldwell and Mrs. Olive Manlove were present. The program included responses from Shakespeare; "Indiana's Constitutions," Mrs. Ida Dabbins; Review of a play of Shakespeare's, "All's Well That Ends Well," Miss Flossie Jackson; Current Events, Mrs. Ada Miles. After the interesting program, delicious refreshments were served, in which Easter colors were used.

Eight couples met at the home of Dr. and Mrs. D. T. Lampton Tuesday night for a social time and during the evening they organized a club, which they titled the P. A. R. C. E. Club. It will meet every two weeks and will be in the form of a Rook club. The members are Dr. and Mrs. Perry Innis, Mr. and Mrs. N. E. Tompkins, Mr. and Mrs. D. F. Jackson, Dr. and Mrs. John Francis, Dr. and Mrs. Lampton, Mr. and Mrs. Clyde Deputy, Mr. and Mrs. C. H. Stewart, Mr. and Mrs. C. H. Stewart, Mr. and Mrs. W. L. McKee and Mrs. Bessie Smith.

J. P. STECH ELECTED STATE CAMP DELEGATE

County Camp of Modern Woodmen Also Endorses Plan to Reduce Expenses of Head Camp.

OTHER BUSINESS TRANSACTED

J. P. Stech was elected delegate and E. E. Oakley alternate to the Modern Woodmen state camp at Hammond May 2, at the county camp meeting held here last night. J. D. Volz of Indianapolis was endorsed for head director and James McNamara of Rock Island, Ill., for head clerk. The county camp also expressed itself as favoring the head clerk's program of reducing the number of members on the head camp standing committee and eliminating some of the head officers. If the head clerk's suggestions are incorporated into the head camp by-laws, it is estimated that about \$350,000 would be saved annually by the society.

The next county camp meeting will be held at Rushville on the first Wednesday in April, 1920, at 7:30 p. m. Four candidates were adopted last night and the local lodge acted favorably on one application.

CARD OF THANKS

I wish to express through the Daily Republican my gratitude and great appreciation for the kindness and sympathy of my many Rushville friends, in the loss of my beloved mother.

JOSEPH S. CANNON

ANNUAL MEETING

The annual meeting of the Stockholders of the Rushville Natural Gas Company will be held in their office in Rushville, Ind., in Tuesday, April 24th 1917 at 2 o'clock p. m., for the election of Six (6) Directors to serve for one year from that date; and for such other business as may properly come before them at that time.

THEO. H. REED, Sec'y.

Spring House Cleaning

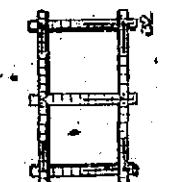

Every housewife has her attention called to cleaning her home at this season of the year. A general clean-up comes in the spring. Many women make it a drudgery and dread for the time to come. WHY NOT BUY SEVERAL HELPS for housecleaning which would make it a pleasure instead. One of the best articles we have found in many years for brightening and polishing the home is

Ruby Gloss

the world's best furniture polish. It brings back the beautiful lustre to all finished surfaces. It is not an oil and will not leave that gummy finish which you may find after using any other polish. A pure, clear prepared polish that gives a hard, bright gloss that will not gather dust. Cleans, polishes all furniture, pianos, woodwork and any finished floor. The best automobile polish on the market. After applying, you may drive upon the most dusty road in the country and the polish will not gather dust. Read their strong guarantee: "If Ruby Gloss is not a better polish than anything else of its kind, you may return the bottle and we will refund your money." This polish comes in 6 ounce bottles at 25c to 1 gallon size at \$2.50. Besides the polish we have all the necessary helps for cleaning this spring—Hayden's Cedar Oil Mop is one of the best on the market, coming in a suitable size for polishing. Smaller mop and bottle of oil, 15c

Wall Dusters with six foot handles, chemically prepared hand dusters, curtain stretchers in all sizes, baskets, ammonia, sapolio, bon ami, Mufty and Dutch Cleanser.

Our Aim is to Lighten Your Cleaning and Housework.

The Mauzy Company

HOFFMAN'S RECOVERY NOW SEEMS ASSURED

Man Who Was Severely Beaten When he Went to Omer Stevens' Farm Improves

MENINGITIS AT FIRST FEARED

After remaining in a critical condition all day yesterday, George Hoffman, the former Connorsville policeman, who was severely beaten Monday by Omer Stevens when he went to the Stevens home to see his six-years-old son, showed some improvement today and the attending physician stated that his recovery was now assured.

Hoffman, who is at the home of his father, southeast of Orange, is suffering from two broken ribs, a badly battered head and the nervous shock. For a time yesterday it was feared meningitis would develop but today fears of this were set at rest.

No charges have been filed in the case and because details are lacking of what transpired at the Stevens home public opinion is being withheld here until all the facts are known.

U. R. K. OF P. MEETING

Ivy Company No. 35 will have their regular meeting tonight beginning at eight o'clock. Sir Knights are requested to be present.

The Osborne School in Jackson township closed its school term yesterday.

Notice of Election.

A meeting of the stockholders of the Rushville Co-operative telephone company, will be held in the assembly room of the court house in the city of Rushville, Indiana, at 7:30 p. m. Friday, April 13th, 1917, for the purpose of electing a board of directors and the transactions of such other business as may come before the meeting.

M. V. SPIVEY, Secretary. Dated Mar. 21, 1917 Rushville, Ind. 7120.

MRS. JOHN FRAZIER DIES

Former Jersey City Woman Expires at Shelbyville Today

Mrs. John Frazier, formerly of Jersey City, about seventy years old, died this morning at the home of her daughter, Mrs. Will Dorsey, in Shelbyville of paralysis, according to word received by relatives here at noon today. Mrs. Frazier left here about fifteen years ago and has been living with her daughter at Shelbyville ever since. Besides Mrs. Dorsey, she is survived by another daughter, Mrs. Albert Wolfe of Indianapolis. The funeral will be held at the Dorsey home Saturday afternoon at one o'clock and the remains will be brought here, arriving about four o'clock for burial in East Hill cemetery.

Amusements

The Princess will show the next chapter of "Patria" the serial in which Mrs. Vernon Castle is featured, for the first picture of tonight's program. In addition to this a Pathe Weekly and a fashion reel will be shown. Tomorrow Blanche Sweet will be seen in the feature drama "The Ragamuffin."

The Lyric offers the three act drama "The Madonna of the Night" for the first picture tonight. It is said to tell an unusual story and is full of surprises. The other picture is a comedy entitled "Almost Right." Tomorrow the feature picture "The Conscience of John David" will be the attraction.

The Gem will show the last chapter of "A Lass of the Lumberlands" for the first picture tonight. "The Torch Bearer" which is the attraction tomorrow night gives the public one of the most vital dramatizations of present day political struggles, of the results of preparedness and of the fight of dishonesty in big business, which has ever found its way to the screen. The plot is laid in conservative Boston and affords an excellent vehicle for the famous screen favorite William Russell. He is supported by Charlotte Burton and an able cast.

ELI A. LAKIN BURIED HERE

Former Rushville Man Expires in Indianapolis of Pneumonia

The remains of Eli Allen Lakin, a former resident of Rushville, were brought here this afternoon from Indianapolis and the funeral services conducted at the chapel at East Hill cemetery. Mr. Lakin was 50 years old and was a son of the late Joseph P. Lakin. He was born and reared here but had lived in Indianapolis for several years. His death was caused by typhoid pneumonia. Mr. Lakin is survived by his widow, two children and two brothers, Joseph Lakin and R. P. Lakin of this city.

Local News

The choir of the St. Paul's M. E. church will practice tonight following the prayer meeting service.

The funeral services of John Fleener will be conducted Friday morning at ten o'clock at the late residence, four miles northwest of the city and burial will take place in East Hill cemetery.

Allen R. Holden has bought twenty-five acres of the Caldwell farm, south of the city for 4500.

E. W. Ball, who has been ill at his home in West Third street, is much improved.

The address, to be illustrated by stereopticon, views at the M. E. church tonight at seven-thirty o'clock, will be on "The Passion Play." All members and friends of the church are invited to attend.

Henry Montgomery has filed suit against Samuel H. Trabue and Fred Walke, on an account demanding \$900. It is alleged that they purchased corn of him to the value of \$881.50 and he has not received payment.

The Christian Woman's Board of Missions has filed a claim against the estate of the late Nancy Furry, demanding \$5,000. The claim is based on a note Mrs. Furry is alleged to have given to the Christian Woman's Board of Missions.

DR. KING'S NEW DISCOVERY FOR COUGHS AND COLDS

Colds follow exposure

We can't stay in doors in bad weather, and colds often follow exposure. When you have gripe symptoms with sneezes, sniffles and sore throat, get a bottle of Dr. King's New Discovery, for here is a remedy that for nearly fifty years has been the favorite. The soothing healing pine balsams relieve the irritations and stop the cough and the antiseptic qualities kill the germ. Have it handy for gripe croup and all winter colds. Your druggist has sold it for years.

WILL RECLAIM 40 MILLION ACRES

Irrigation Canals Will Soon Make Large Acreage in West Ready For Settlers.

IS BACKED BY GOVERNMENT

Land Under Consideration Now Will Include 60,000 Farms—Many Homes Established.

(By United Press.)

Washington, April 5.—Forty million acres of barren land in the west are waiting to be converted into prosperous farms, according to the Reclamation Service of the Interior Department today. Soon modern irrigation canals will dot these wastes, supplied by the Reclamation Service from the fund obtained by sale of public lands in semi-arid sections.

Since the service was established 1,500,000 acres of land have been reclaimed and 1,000,000 of those acres are producing crops that will help bring down the high cost of living. Homes have been established on these lands by 30,000 families, and even thriving cities and railroad centers have sprung up where barren wastes existed.

Projects now under way or completed embrace approximately 3,000,000 acres of irrigable land, divided into 60,000 farms. The net investment thus far is about \$100,000,000.

In some cases the Reclamation even controls its own reservoirs and coal mines for the people who have moved to the opened territory. This instance is illustrated at Williston,

Kitchen Is The First Line Trench

Home Preparedness Should be the Watchword in Every Home. Domestic Life of Modern Army Should be Example to Every American Housewife.

BY CARL VROOMAN.
Assistant Secretary of Agriculture.
Member of the National Emergency Food Garden Commission.
(Written for United Press.)

Washington, April 5.—The domestic life of a modern army should be an example to every American woman, rich or poor to keep her home "prepared." Home preparedness means substitution of cheap, appetizing dishes for costly foods practical, elimination of waste, and scientifically balanced rations.

There are two groups of foods that enter into a balanced human ration—the protein group, like meats, eggs and beans and the starch group, such as potatoes, rice, cereals, bread, etc. The protein foods as a rule are more expensive than the starchy foods. Some protein foods, however, are cheap. The prime factor in economy in foods is the choice of protein foods that are at the same time cheap and palatable.

A cheap food, rich in protein and fats is the ordinary field soy bean, often sold under the name "Togo bean." Ten cents forth at the price of 15 cents a quart will supply over 5 ounces of protein, while average beef at 20 cents a pound will supply little over 1 ounce of protein for the same money.

Excellent soups can be made from the water in which soy beans are made. The butcher give you all fat cooked as well as from the water in which most vegetables are boiled. Save also vegetable tops, skim milk, bones and meat scraps for soups. Make the butcher give you all the fat that he weighs with your cut of meat—it's valuable grease.

Don't depend on one kind of food. When potatoes are dear remember

that 1 pound of dry corn meal provides about 5 times as much fuel or energy and 5 times as much tissue-building protein as 1 pound of raw potatoes and cost from one-third to one-sixth as much.

Raisins are rich in sugar, mineral salts, and the natural grape acids and their cost is low.

Whole wheat, cooked till it bursts open, or cracked in a little \$2.50 hand mill is one of the most delicious, nourishing breakfast foods known—and inexpensive even at the present high price of wheat.

Save fuel and labor by making nut breads only when using your fire for the cooking of other foods. Avoid the danger of overcooking, and conserve the flavor of your dinner by

New Mown Hay

"Perfume From Flowers of the Orient" charms those who appreciate an elusive odor that is delicate yet rich and lasting.

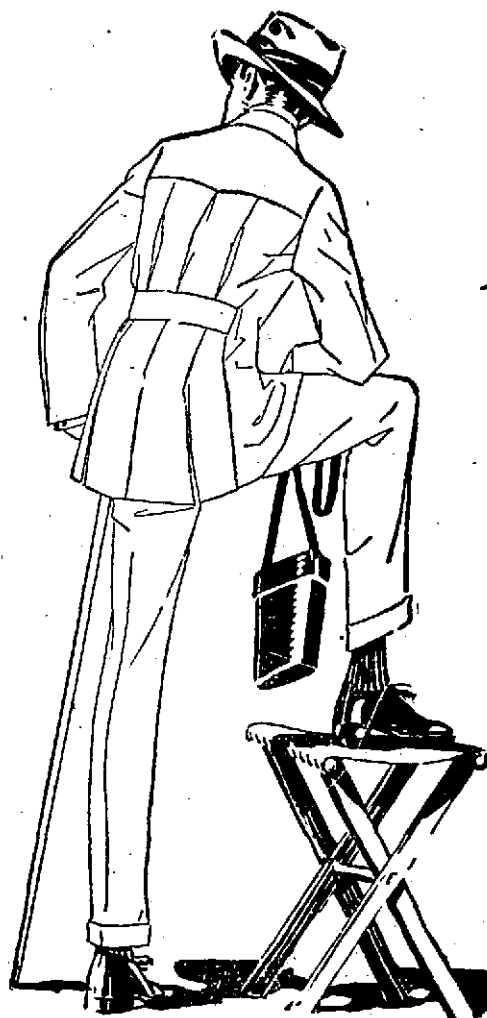

HARGROVE & MULLIN

using a fireless cooker. You can make a good one yourself very cheaply.

By such expedients as these every woman can "prepare" her home not only against war but also against sickness and hard times.

CROPS ACREAGE LARGE THIS YEAR

Whether Nebraska Has Bumper
Crops Depends on Weather as
Much Ground is Used.

OLD IN COST RESPONSIBLE

Some Winter Wheat Killed is Being
Turned Under Getting Ready
For Corn.

(By United Press.)

Lincoln, Neb., Apr. 5.—Nebraska's
crop acreage this year will be the
greatest in the state's history. Whether Nebraska's 1917 crop
yield will be the greatest in its history
will depend on weather conditions.

The high cost of living, with the
consequent high prices paid for
farm produce, is in part responsible
for the increased acreage.

Only a normal wheat crop is ex-
pected. Farmers now say that the
wheat is not strong and will re-
quire the most favorable conditions
from now on to make even a normal
crop.

The corn acreage will be greater
than last year. Where wheat has
been winter-killed the farmers will
plow it up and plant the fields in
corn.

The high prices brought by gar-
den produce and by such staples as
beans, etc., will mean an increased
acreage for these also.

Included in this list is very like-
ly to be the potatoe.

One of the effects of the high cost
of living which will be seen in cities
and towns all over the state will be
increased gardens. In the larger
cities and towns every vacant lot
stands a good chance of being used
for a garden.

NEWSBOYS KNOW MORE OF CURRENT EVENTS THAN COLLEGE MEN.

(By United Press.)

Chicago, April 5.—College stu-
dents may be past masters of Latin
and Greek, but on current events
they're back numbers compared
with the peddler of "poipers" on the
city's streets.

In an experimental demonstration
conducted by Prof. Herbert Willett
on "past and current" topics less
than 50 per cent of Chicago Univer-
sity's cultured ones answered the
questions correctly.

Gerard, unattached ambassador
was designated as "a good smoke,"
"a German taking a keen interest in
the war."

Lloyd George was credited by one
student with being "the king of Eng-
land." Zimmerman, German minis-
ter of foreign affairs was accused
of being both a "prize fighter" and
a "baseball player."

Patrick Henry wasn't even men-
tioned as the originator of the
"Give me liberty or give me death"
national byword. Nathan Hale and
Henry Clay were favorites.

The Chinese prince was every-
thing from a "southern secret so-
ciety" to an "Indiana reformer."

Not a single student knew that
Thomas was the "Wizard of Menlo
Park."

WHAT-YOU-MAY COLUMN

BY "GM"

Tips.

Tipping is a habit, a necessity
and a damnable outrage engendered
by a germ. The germ is employed
by hotels, mostly; and is known by
various names such as bellboy, hat
checker, waiter, etc.

This germ is bred and reared in
uniform. It attacks all ages and
conditions of men alike. It feeds on
small change; and its appetite is
constantly improving.

Tipping is an example of some-
thing. He gives you nothing. And
if you don't give him something,
next time you go there he gives you
less than he gave you in the first
place.

The tip germ is everywhere and
in everything, particularly in a ho-
tel. There is only one thing around
a hotel you must tip. That's your
boot.

PRICES f.o. b. FLINT, MICH. — Four cylinder, \$675.00; Six cylinder, \$1070.00

Why is the guarantee on BUICK cars more liberal than any other car selling at several hundred dollars more? Why is it that Buick cars have longer life than some others and the upkeep so much less? Why is it that in the last fuel economy contest that was held in New York the Buick won first, second, third and fourth prizes? Why do you buy an automobile whose engine has proven itself to consume more gasoline than a valve-in-the-head Buick? Why don't you permit us to prove the above fact (if our competitors cannot) and then you will fully realize what is meant by us when we say WHY DON'T YOU BUY A BUICK? Call and see the 1917 models and let us give you a demonstration that is a real test of Buick Power and Strength.

\$875.00

"STURDY AS THE OAK"

Don't buy more than you need nor less than you need in a motor car. Invest your money carefully and wisely. Remember that excess weight and unnecessary size and power are expensive in every sense of the word, but remember also that if you get a car that is too small and too light you stint yourself on comfort and appearance and real service, in addition to depriving yourself of many features which most buyers of today demand.

The Monroe M-4 Touring Car

is a truly beautiful motor car with an outward contour that is in full accord with the very latest in automobile designing. The Monroe motor is of the valve-in-the-head type and improves in detail hitherto unattained by this kind of motors. The crankshaft is scientifically balanced with counterweights, which are forged integral with the shaft. They cannot come off, even under pressure, to which they are subjected under operating conditions.

Another Puncture

It always happens at the most maddening time—just when you want to catch a train or keep some important engagement. And usually it isn't really a puncture at all, but a leaky tube.

Now porous rubber (so-called) and leakage around the valves are among the commonest failings of cheap, machine-made tubes. If you are tired of these needless "punctures" equip your car with Kelly-Springfield Tubes. They are made slowly and painstakingly by hand out of real rubber.

They can be punctured, of course, but they won't leak. If you use Kelly-Springfield Tubes in Kelly-Springfield hand-made, real rubber tires you will add increased mileage to freedom from needless tube troubles. That's why the tubes and tires we sell are

Kelly-Springfield
